PRICE FIVE CENTS

SWEEPING TAX INCREASES ANNOUNCED BY BENNETT

New Zealand Cuts Canada's Goods From Preference Tariff Coal Duty, Letter Rate And Sales Tax All Are Boosted In New Budget

Failure to Make Trade Agreement Strikes Canada

Forbes Government Announces That Hereafter Nearly All Goods Shipped From Canada Must Pay General Tariff Rates, Preferential Schedules Being Removed; Stevens Says He Hopes Trade Agreement Will Be Made After Present Ottawa Session, With Preference Restored

Canadian Press
Wellington, N.Z., June 1.—The New Zealand government today decided the entire range of Canadian imports, excepting gum boots and certain classes of paper and wire, should be deprived of the advantage of the preferential tariff and placed on the general tariff list.

The action was taken in consequence of failure to reach an agreement with Canada regarding reciprocal tariffs.

Many United States manufacturing concerns have been maintaining branch factories in Canada to take advantage of the preferential tariff rates which had existed. They will now be deprived of that advantage.

No alterations are proposed in respect to Canadian motor vehicles and engines, the duties on which were increased last August, it was stated.

OUTLINES DIFFICULTIES

In a cablegram to Premier R. B. Bennett last week, Premier G. W. Forbes of New Zealand outlined the tariff position existing between the two dominions, and pointed out the disadvantages from which New Zealand was suffering. He was unable to expect anything from further negotiations at present, he said, although he expressed the hope the Canadian Minister of Trade would visit New Zealand to discuss the situation as soon as possible.

STEVENS'S OPINION
Ottawa, June 1.—Belief New Zealand's action in removing the advantages of the preferential tariff from nearly all Canadian exports to that country was a temporary measure was expressed here today by Hon. H. H. Stevens, Minister of Trade and Commerce. Negotiations with New Zealand have been proceeding for some time (Concluded on Page 3)

Air Mail Contracts Are Ended As Services Cut

Canadian Press
Ottawa, June 1.—Advice to the various aerial transportation companies giving notice of the cancellation of all mail contracts does not mean complete suspension of aerial services, Hon. Arthur S. S. Postmaster-General, intimated here today in a statement given out to the press relative to this matter.

Mr. S. Postmaster-General said that some misunderstanding seemed to have developed as to the meaning of the cancellation notice.

Post office officials to-day said this implied only that the companies were being required to examine the contracts at present in operation with a view to meeting the government's wishes for new contracts on a basis less expensive to the country.

READJUSTMENTS DESIRED

Mr. S. Postmaster-General was as follows:

"With reference to the statement in the press, relative to the complete cancellation of all mail agreements, there has apparently been some misapprehension or misunderstanding. The air mail routes have been gradually extended over a period of years under varying agreements with different companies. With the gradual linking together of these routes, it has been found the public interest will be better served by certain readjustments. These have been the subject of negotiation with the companies concerned and a final decision has yet to be reached.

"Under these circumstances it is to be regretted the public should be under the impression the government has decided to cancel all routes.

"Under present economic conditions it is obvious the situation needed clarifying, and the necessary time taken to reconsider the whole situation and plan for the future. It was with this object in view that notification was given that existing contract conditions on certain routes would be subject to readjustment.

"Some of the air-mail routes are of paramount importance to the sections of the country served, others are in a stage of development, and their increasing importance depends on the use of the facilities offered in the high speed linking up of widely-separated parts of the country."

The dispatch in the press to which Mr. S. Postmaster-General was referring was as follows:
Ottawa, June 1.—All air mail services in Canada are to be cancelled at an early date. Decision of Premier R. B. (Concluded on Page 3)

PASSING OF CARDINAL IS MOURNED

Heart Attack Proves Fatal to Cardinal Rouleau, Archbishop of Quebec

Quebec, June 1.—Arrangements were being made here today for the funeral of the late Cardinal Raymond Rouleau, to be held at the Basilica here next Saturday, starting at 10 a.m.

Third Cardinal in the history of the Roman Catholic Church in Canada, Mgr. Rouleau, aged sixty-five, died in the episcopal palace yesterday forenoon, surrounded by many of the ecclesiastical dignitaries of the diocese of Quebec, of which the Cardinal was Archbishop.

Cardinal Rouleau had been in ill health since he suffered serious injuries in an automobile accident near here last summer. Although at times he seemed to have completely recovered, he had frequently relapsed. Last Friday he again felt unwell and remained in bed. Saturday evening his attack took a more serious form and his physician was hastily summoned. Extremeunction was administered by Canon Gagne. In spite of all medical efforts (Concluded on Page 3)

MAN FACING TRIAL AFTER TRAIN ATTEMPT

Regina, June 1.—Following an attempt made Saturday evening to derail C.P.R. train No. 2 about two miles west of Summersburg, Sask., August Miller, twenty-two, farming near the spot, was placed under arrest and was scheduled for a hearing in R.C.M.P. court here today.

Rushing along at a sixty-mile-an-hour clip, the great locomotive struck three ties placed across the track. The ties wedged themselves under the two small sets of wheels that carry the "cow-catcher" and the train was safely pulled to a stop at Summersburg station.

Most of the passengers had gone to bed and were thus unaware of the danger that had been met and passed. So great was the impact that a heavy ledge was needed to dislodge the ties from the locomotive.

No. 2 is the Imperial, Vancouver to Montreal, one of the crack trains of the C.P.R.

CHURCH YOUTH GROUPS IN ITALY ORDERED ENDED

Associated Press
Rome, June 1.—Dissolution of all Catholic youth associations not officially connected with the National Fascist Party was announced by the government this evening.

This development came after the Vatican had directed the editor of the semi-official newspaper *Quotidiano Romano* to discontinue the anti-Fascist editorial campaign and the editors of Fascist newspapers to stop their anti-Catholic campaign.

(Concluded on Page 3)

YOSHIHARA IS TO FLY JUNE 25

The picture above was taken while Cameron Forbes, United States Ambassador to Japan (left) was bidding the long pilot farewell and wishing him good luck.

Free Tea Off; High Duties Are Restored

Ottawa, June 1.—War-time duties on tea and other articles are restored under the Bennett budget introduced in the Commons this afternoon.

The Premier announced the former free entry of bulk teas under the British preferential tariff is cancelled and replaced by rates of four cents to eight cents on teas imported through the United Kingdom and ten cents a pound on teas otherwise imported.

NEW PLANE TUNED FOR PACIFIC HOP

Tokio, June 1.—The newspaper *Hochi Shimbun* today announced Selji Yoshihara, Japanese aviator, would resume his flight to the United States by way of the British Columbia coast June 25, with a new plane, following the same route as he did on his recent start.

Yoshihara, flying under the auspices of the newspaper, was forced to discontinue his initial attempt May 14 after making a forced landing at the Kurile Islands and damaging his plane.

Manufacturers of Canada Gather to Discuss Problems

Annual Convention of C.M.A., Opening Here This Morning, Marked by Expressions of Canada's Soundness in Depression Period; Civic and Provincial Welcomes Extended; Elmer Davis, Kingston, President, Presents Review

With more than 150 manufacturing leaders of Canada gathered to discuss matters affecting the industrial life of the country, the diamond jubilee convention of the Canadian Manufacturers' Association Incorporated, opened at the Empress Hotel here this morning.

A civic welcome by Mayor Ansonby, presentation of committee reports and an address by R. J. Cromie, publisher of *The Vancouver Sun*, were main items of the morning session, followed by a luncheon when Elmer Davis, of Kingston, Ontario, the president, gave his annual review.

As the budget was presented to the House of Commons to-day, interest of the delegates attending the sessions was focused mainly on this point. Animated discussion on tariff items in the budget was forecast among the delegates.

Three days packed with important sessions faced the delegates as they got down to business at 10 o'clock this morning in the lower lounge. The convention will wind up at the annual dinner Wednesday night and Thursday morning they leave for the mainland.

EASTERN PARTY HERE
The eastern party, traveling by special train, were 125 in number, several delegates bringing their wives. This group arrived overnight from Vancouver, accompanied by the main-line contingent.

Expression of the feeling that B.C. manufacturers would not be satisfied until this province led the Dominion industrially featured Mayor Ansonby's address of welcome after Mr. Davis had declared the session open.

The Mayor referred to the coincidence of the manufacturers' jubilee, and that of B.C.'s entry into confederation. Although this province ranked high in the industrial line, it was not satisfied, he said.

"The west wants more industries," he declared. "We will not be satisfied until we lead the Dominion."

He hoped, he said, the present conference would result in a tremendous good to industry as a whole, without which the country could not occupy the position it deserved.

CORDIAL RECEPTION
In expressing thanks, Mr. Davis said the eastern party especially had been impressed with the warm reception received all across Canada, and he promised that the association would come west for its convention as frequently as possible.

The reports presented were those of the treasurer, the executive committee, the membership committee, the insurance committee and the education committee, all being adopted with little discussion.

(Concluded on Page 17)

WANTS LINDBERGH TO FLY ATLANTIC IN STRATOSPHERE

Yilmington, Del., June 1.—Dr. John P. Picard, brother of President Augustus Picard who last week visited the StratospHERE said he would try to interest Colonel Charles Lindbergh in building a stratospheric plane to fly from the United States to England.

FIRES EXACT TOLL IN CITY; FORESTS FREE

Family in Saanich Rendered Homeless; Garages Razed on Blanshard Street

Cars and Sheds Also Burned Over Week-end; Forest Menace Very High

Fires which broke out in scattered parts of greater Victoria exacted their toll over the week-end, leaving one family homeless in Saanich, razing garages in the 2600 block, Blanshard Street, demolishing a chicken shed in the Foul Bay district, causing damages to chimneys in the city and ruining one car and spoiling another.

The most serious blaze of the week-end occurred on Saturday night when the home of Mr. and Mrs. L. Gray Haliburton Road, between Elk Lake and Cordova Bay, was burned to the ground. The entire family, including four children, were rendered homeless. No insurance was carried on the structure or its contents, and everything was lost.

Mr. Gray was working in his garden some distance from the house, when the fire broke out. He heard the crackling noise of the flames and rushed over, but by that time half the structure was ablaze.

He was at first horror-stricken, believing one of his children was in the burning building, but later discovered the child was in town with Mrs. Gray. When the Saanich fire department arrived on the scene with equipment it was too late to save the house and fire fighters concentrated on preventing the flames from spreading to the surrounding brush.

Friends aided the family.

CITY FIRE CHECKED

What threatened to become an exceptionally serious blaze was checked (Concluded on Page 3)

FOUR DOUKHOBOR SCHOOLS BURNED

Mounted Police Hunting Freedom Sons Who Destroyed Buildings in Saskatchewan

Canadian Press
Yorkton, Sask., June 1.—Royal Canadian Mounted Police to-day sought the Doukhobors who destroyed four public schools in the Verigin district of southeastern Saskatchewan. In the midst of the province's Doukhobor settlement, the schools were burned to the ground early Sunday morning. Slight damage also was done to the Verigin High School, a hastily-organized bucket-brigade saving the structure from flames.

The schools burned were at Spring Valley, Terpena, Aspen and Thunderberg. All were of frame construction and Mounted Police are convinced the fires were incendiary.

Income Tax of Corporations Raised To 10%

Ottawa, June 1.—New Income Tax rates were announced in the Commons to-day by Premier Bennett in his budget speech.

The amending resolutions read: "Resolved, that it is expedient to amend the Income Tax Act and to provide:

1. That the rate of income tax applicable to the incomes of corporations and joint stock companies for the year 1930 and thereafter be increased from eight per centum to ten per centum."

POLICE ARE ON MYSTERY HUNT
C. F. Lewis Searched For in England; Bodies of Wife and Adopted Daughter Found

Canadian Press
Belvedere, Kent, Eng., June 1.—Scotland Yard's "big five" to-day were pooling their efforts to find Charles Frederick Lewis, sixty-year-old schoolmaster, in order to question him regarding the finding of the bodies of his wife and adopted daughter beneath fresh concrete in a fish pond in the back yard of his home last Friday evening.

The mystery of the disappearance of Lewis and the finding of the bodies promise to be one of the most sensational with which Scotland Yard has grappled in many years. Lewis is a prominent educator, tall and distinguished looking, one of the assistant directors of the County of Kent, choir master at the local church and an active participant in civic affairs of the district.

Mrs. Lewis was a lovely virginal girl of twenty, when they adopted after her parents had gone down with the Lusitania. The bodies of the women were buried in their night clothes under the fresh concrete and beside them was interred the body of their pet dog. They had died several days before the bodies were found.

Vancouver, June 1.—Proposals that the City Hall be removed from its present quarters in the Holden Building on Hastings Street were finally killed this forenoon at a special meeting of the City Council. Aldermen adopted a report of the special committee on accommodation recommending the city retain occupancy of the Holden Block for another two years following November 30, the expiry date of the present three-year lease.

Early preparation of plans for construction of a permanent city hall was urged by the committee which, in the final paragraph of the report adopted by council stated:

Bennett Asks Parliament to Raise Duty on Soft Coal to 75 Cents and Sales Tax to Four Per Cent; Ministry Calls on All Newspapers Over 10,000 Circulation to Pay 1½ Cents a Pound Postage Instead of 1 Cent; Items in Tariff Included in Bennett's Revision Total 220; Varied Forms of Increased Taxation Worked Out

Ottawa, June 1.—Higher customs duties on coal entering Canada were announced by Premier Bennett in his budget speech in the House of Commons this afternoon.

Rates on bituminous coal and coke screenings are raised to seventy-five cents general tariff, from the present rate of fifty cents. Interest in this increase centres around the fact that the United States tariff on bituminous coal is twenty per cent, that is, it automatically becomes the same as that of the country from which the coal comes.

With the rise in the Canadian tariff from fifty cents to seventy-five cents, the United States tariff against British Columbia coal shipped to the western states will become seventy-five cents a ton.

To offset this export disadvantage, Premier Bennett announced subsidies for the coal industry in the Maritime provinces and Western Canada to the extent of \$1,000,000 provided by the Dominion Government. The present subsidy on Alberta coal shipped to Manitoba will be extended as far east as Port Francis and Sioux Lookout in Ontario.

SUBSIDY FOR B.C. COAL
In order to assist the British Columbia coal mines a bonus of 25 cents per ton on all coal used in ships and exported to countries other than the United States will be paid.

A sliding scale of bonuses, depending on the distance shipped, will be paid on coal from Nova Scotia and New Brunswick shipped to Ontario and Quebec.

In this way, Mr. Bennett hopes the entire potential market for Canadian coal will be utilized. It will result, he said, in a movement of nearly 1,500,000 tons of coal a year at a cost to the government of less than \$2,000,000.

NEW DUTIES
The Premier announced the new tariff on coal as follows:

Coal, anthracite or lignite, N.O.P. a ton; British preferential free; intermediate, 40 cents; general, 40 cents.

Coke per ton—British preferential free; intermediate, 61 cents; general, 61 cents.

Coal, N.O.P.—including screenings of coal dust of any kind, per ton—British preferential, 35 cents; intermediate, 75 cents; and general, 75 cents.

Charcoal, per ton—British preferential free; intermediate, 67.50; general, 67.50.

BENNETT TELLS HOW OUTLAYS MOUNTED UP
Postal Service in Canada Cost \$1,265,000 More in 1930-31 Than in Preceding Year

Ottawa, June 1.—Premier Bennett, in his budget speech this afternoon, told the Commons the post office expenditures increased by \$1,265,000 during the fiscal year ended March 31 last. There was \$370,000 for extension of air mail services and \$375,000 in salary increases mainly to outside services.

Expenditures on ordinary account by the Public Works Department were \$5,600,000 in excess of the expenditures in 1929-30, he said.

Increases in expenditures under Maritime Freight Rates Act from \$740,000 in 1929-30 to \$1,037,000 in 1930-31.

Penitentiary expenditures increased by \$675,000, with an increase of 337 in the penitentiary population.

ELEVATOR COSTS
There was an increase of \$1,088,000 in 1930-31 over 1929-30 by the Department (Concluded on Page 3)

DELIVERS BUDGET SPEECH IN HOUSE

PREMIER BENNETT

POSTAL RATE IS INCREASED BY ONE-HALF

Bennett Announces Three-cent Letter Rate in Budget Speech in Commons

Cheques Below \$10 as Well as Above Will Hereafter Pay Two Cents

Ottawa, June 1.—In order to meet the deficit of the Post Office Department—nearly \$6,000,000—The one-cent war tax on stamps, which has always applied to drop letters, will now be imposed on all letters. This was announced in the budget speech this afternoon by Premier Bennett. This makes the rate on ordinary letters three cents instead of two cents.

The letters within a city will remain at two cents.

The rate on newspapers and periodicals is increased. This was formerly one cent a pound, but now it will be one cent a pound, only on newspapers, etc., having a circulation of 10,000 copies and less, and on circulation in excess of that, 1½ cents a pound will be charged.

Religious, scientific, educational and agricultural publications are exempted.

The stamp tax on cheques, which was two cents on cheques above \$10, would apply now to all cheques, said the Premier.

MAGAZINES

Magazines and periodicals are made subject to a specific duty of fifteen cents per pound, under the general tariff, except in the case of such as may be placed on an exempted list by order-in-council.

7.—Tariff changes affecting iron and steel include increases of steel plate, wire netting, machinery, safes and miscellaneous manufactures of iron and steel, with decreases on green saw steel, hot rolled strip steel for cold-rolling, various kinds of steel wire and bessemer steel billets.

8.—Wood products share in the revision, with increases on furniture (including metal furniture), veneers, plywood, cloths, golf clubs, tennis rackets, etc.

9.—Changes in the textile schedules are limited, the significant being increases on linen fabrics as well as hosiery (excepting damasks) and fabrics of pure silk, with decreases on mohair yarns.

10.—Prepared roofings, wallboards, insulating materials, etc., are increased in rates, as are wallpaper and containers.

11.—Building stone of all kinds, both rough and finished, as well as building brick, magnesite and ground felspar, will bear higher rates than formerly.

FARM IMPLEMENTS
12.—No changes are made in respect of farm implements, although the item covering repair parts is extended in point of time.

13.—The tariff on cloak and waists is revised, the rates being increased, and covering repairs for leathers on shoes and boots is extended.

14.—The tea schedule is radically revised, the former free entry of bulk teas under the British preferential tariff being cancelled and replaced by rates of four cents, eight cents and eight cents per pound on teas imported (Concluded on Page 3)

Canadian Press

Ottawa, June 1.—Parliament is asked to increase the sales tax to four per cent. This was announced by Premier Bennett in the budget speech in the Commons this afternoon.

Up till now the tax has been one per cent.

Another feature of the budget speech was the announcement of a duty on imported magazines. Parliament is asked to make the specific rate fifteen cents a pound.

Ottawa, June 1.—Premier Bennett told the Commons this afternoon the budget did not call for a general revision of the tariff. Only those items which required to be changed and which would assist in meeting unemployment had been dealt with, he said.

The tariff changes he proposed were summarized as follows:

1.—Although not a general revision, Parliament is asked to amend almost all schedules as regards certain items thereof, the total number of rate-bearing items included in the resolution being almost 220.

2.—A feature of the amendments is the provision for the collection of duty on containers, in the case of any goods which enter Canada packed and ready for the intermediate shelves—for example, cheese, powdered milk, macaroni, dried fruits and soap.

3.—Except in a very few instances, alterations in rates are confined to the intermediate and general tariff schedules.

3-B.—Agricultural and other good products:

Increases under the intermediate or general tariff, or both, are made in respect of numerous commodities, more notable being live hogs, fresh meats, bacon, ham and shoulders, shell eggs, cheese, hops, powdered milk, peas, Indian corn, butter, oil, and garden seeds, canned fruit and vegetables, raisins, oranges.

AUTO DUTIES
3.—Automobiles are divided for duty purposes into three classes: Up to \$1,500 in value, from \$1,501 to \$2,100, and above \$2,100. On the first named, there are no changes in duty; on the second group, the general tariff is increased from 27½ per cent to 30 per cent and on the third group, the intermediate tariff is increased from 20 per cent to 30 per cent and 40 per cent respectively. Drawback of duty for home consumption will no longer apply on automobiles with engines first named, while drawback in respect of the two lower-priced groups will not be paid on a specified list of made-in-Canada parts.

FEW USED AUTOS
Used automobiles are prohibited entry, unless the seller's effects or traveler's vehicle.

4.—Duties of 40 cents and \$1 a ton, respectively, are imposed on anthracite coal and coke under the general tariff; the rate on bituminous coal and coke screenings now 50 cents, is raised to 75 cents, general tariff and rates on charcoal are set at 67.50 a ton.

5.—The leather schedule agrees increased rates under all tariffs, the alterations affecting kid upper leathers, sole leather, East India kids, belting leather and belting glove leathers and leather garments.

MAGAZINES
6.—Magazines and periodicals are made subject to a specific duty of fifteen cents per pound, under the general tariff, except in the case of such as may be placed on an exempted list by order-in-council.

7.—Tariff changes affecting iron and steel include increases of steel plate, wire netting, machinery, safes and miscellaneous manufactures of iron and steel, with decreases on green saw steel, hot rolled strip steel for cold-rolling, various kinds of steel wire and bessemer steel billets.

8.—Wood products share in the revision, with increases on furniture (including metal furniture), veneers, plywood, cloths, golf clubs, tennis rackets, etc.

9.—Changes in the textile schedules are limited, the significant being increases on linen fabrics as well as hosiery (excepting damasks) and fabrics of pure silk, with decreases on mohair yarns.

10.—Prepared roofings, wallboards, insulating materials, etc., are increased in rates, as are wallpaper and containers.

11.—Building stone of all kinds, both rough and finished, as well as building brick, magnesite and ground felspar, will bear higher rates than formerly.

FARM IMPLEMENTS
12.—No changes are made in respect of farm implements, although the item covering repair parts is extended in point of time.

13.—The tariff on cloak and waists is revised, the rates being increased, and covering repairs for leathers on shoes and boots is extended.

14.—The tea schedule is radically revised, the former free entry of bulk teas under the British preferential tariff being cancelled and replaced by rates of four cents, eight cents and eight cents per pound on teas imported (Concluded on Page 3)

WHEAT FREIGHT CONTRIBUTION BY DOMINION

Bennett Asks Parliament to Empower Government to Aid Up to Five Cents a Bushel

Canadian Press
Ottawa, June 1.—By an adjustment of the freight rates on wheat the Dominion Government proposes to absorb five cents a bushel of the cost of transporting all the wheat produced in western Canada, Premier R. B. Bennett announced in his budget speech to-day.

The measure, intended as a temporary one, would only apply to the present year.

In some parts of the west Mr. Bennett said, there had been a "succession of bad harvests. Indications were that this year, 1931, would be a crop failure in many parts."

Two things had to be done, namely, those who had a crop, had to be assisted and provision had to be made for those who had no crop at all.

THREE DROWN ON OUTING AT POWELL LAKE
Powell River, June 1.—Three residents of Powell River were drowned and three others rescued at Powell Lake on Sunday afternoon in the worst tragedy this little city has known since 1904.

The dead are Mr. and Mrs. Miller Johnson and Harold Skorbeg. The rescued, who are recovering in hospital from their hour's exposure in the water, are Sivert, Siverton and his mother, Mrs. S. Siverton, and Gus Callberg. The tragedy occurred near Cassiar Point, south of Goat Island, when an outboard motor boat, in which the six were passengers, became submerged in choppy waves caused by a brisk westerly. They were seen bound at 5:30 o'clock after a day's outing on Powell Lake.

The outboard, loaded to capacity, was low in the bows and soon began taking water when the party rounded the point. Finally a large wave swept over the craft and filled it to the gunwales. As it submerged it overturned and the six occupants were thrown into the water. Harold Skorbeg, who could not swim, was the first to go down. Mr. and Mrs. Johnson, who were strong swimmers, and Gus Callberg, assisted the others to grasp a handhold on the overturned boat.

Mr. and Mrs. Johnson then started to swim for shore, about 300 yards away, but because of the rough water and the exhaustion of the party, they were unable to reach the shore. Although there were a number of boats on the lake there were none in the vicinity and it was not until fifteen minutes later that help came in the form of a tugboat.

Herbert Thompson, of Powell River, who was passing in his launch, sighted the exhausted party and immediately went to their rescue. Corporal A. J. Smith and Constable George Irvine of the Victoria Police started drawing for the bodies and continued until late in the night without success. They resumed operations this morning.

LOGAN PROBLEM BEFORE TOLMIE
A delegation of Mainland loganberry growers, headed by W. Hamilton, this morning interviewed Premier Tolmie to ascertain what assistance the government was prepared to accord the loganberry growers in handling the surplus crop. The delegation will return to-morrow morning, equipped with information to the effect which reduced wine making in the province has absorbed the large crop expected to be harvested this year.

Relief Worker Hopes Bicycle Will Come Back
If the person who took the bicycle belonging to John Tolmie, 1918 North Park Street, knows the circumstances, Mr. Paxton believes he will return it immediately. Paxton's bicycle was taken from outside 830 Broad Street two weeks ago.

OLD AGE PENSIONS CONTRIBUTION FROM DOMINION INCREASED
Ottawa, June 1.—Dominion contributions to the old age pension scheme will be increased to 75 per cent. Premier R. B. Bennett announced in the House of Commons to-day.

steadily declining throughout the world. The consequence has been that the Dominion's balance sheet for eighty-three per cent of the consolidated fund receipts in 1930-31 was derived from taxation, the major portion being obtained by ad valorem assessments on the monetary value of the property transacted. Therefore the revenue collections from every tax, with one exception, were substantially less than in the preceding year. The exception was the income tax, where the assessment was on earnings and profits made in the calendar year 1929-30, and the revenue for the fiscal year 1930-31 was \$24,055,000, an increase of \$1,000,000 over the collections in the past fiscal year.

FIXED CHARGES
On the expenditure side, comparatively little advantage could be taken of declining commodity prices. This is due to the fact that fixed and uncontrollable charges constitute so large a proportion of the expenditures. The interest on the national debt was over \$121,000,000. War pensions amounted to \$46,000,000, and other uncontrollable expenditures absorbed an additional \$65,900,000. To these must be added the cost of civil government and other services, where a somewhat lengthy time lag exists before declining commodity prices are reflected in reduced costs. These services involved an expenditure of \$78,000,000. In other words, \$282,000,000 was expended during the year without the government deriving any offsetting advantages from the causes which brought about such substantial decreases in revenues.

TARIFF REVENUE CUT
The major source of Canadian revenue is the customs tariff, which last year produced \$131,000,000, continued Mr. Bennett. "This was \$48,000,000 less than in the preceding year, and the period indicated there was a substantial decline in the importations of nearly all commodities. One of the chief sources of customs revenue is the duty collected on alcoholic beverages, and in the year under review the revenue thus derived was \$30,000,000, as compared with \$25,000,000 in the preceding year.

MONTHLY DECREASES
Recently our customs receipts have shown less fluctuation and the daily decreases have not been so marked as in the last fiscal year, when the monthly decreases, as compared with the previous year, were:

Month	Decrease
April, 1930	\$3,591,000
May	3,800,000
June	3,884,000
July	4,358,000
August	4,919,000
September	3,150,000
October	3,500,000
November	4,117,000
December	3,414,000
January, 1931	2,687,000
February	1,853,000
March period	3,653,000

The decrease during the first six months of the fiscal year was \$24,165,000. During the same period of the fiscal year this was \$24,055,000, said Mr. Bennett.

NEW TARIFF RESULTS
It will be recalled the tariff changes made in the last fiscal year came into effect during September, although in certain cases, where uncompleted contracts were outstanding, the new rates were not levied until several months later. A comparison of the customs revenue for the two six-month periods has shown this significance, that the changes did not make any material reduction in the revenue during the two six-month periods of the year.

SALES TAX DECLINE
"No tax more quickly reflected the declining commodity prices than did the sales tax. The shrinkage in the volume of business transacted, coupled with the decrease in values, made it apparent at the beginning of the calendar year 1930 that with business shrinking and sales contracting, the sales tax revenue would be reduced to the same degree as in the previous year. This loss, instead of being compensated by an increase in acceptance of the plan, brought down on May 1, 1930, was aggravated by the rate being reduced from two per cent to one per cent. The result was a decline of \$1,000,000 in sales tax revenue during the year under review. The collections being somewhat over \$30,000,000, as compared with \$44,000,000 in the previous year.

REVENUE OFF \$90,000,000
Adding these special receipts to the consolidated fund, revenues for the year make a grand total of \$356,213,000, as compared with \$446,449,000 in the previous year. The decrease of \$90,236,000, or 20 per cent, of the total revenue for the year is the result of the decrease in the consolidated fund, revenues for the year make a grand total of \$356,213,000, as compared with \$446,449,000 in the previous year.

TAX SUMMARY
A statement of the revenue received from taxation follows:
1930-31
Customs.....\$131,000,000
Excise.....\$7,747,000
War tax revenue.....1,499,000
Insurance.....74,000
Business profits.....73,000
Income tax.....71,048,000
Tax on cheques, transportation, etc.....15,880,000
Total receipts from taxation.....\$205,377,000

PUBLIC SERVICE REVENUES
The sum of \$53,000,000 was collected by way of revenue from public services maintained by the government. The main contributor was the Post Office Department. The gross collections for postal services were \$100,000,000, and the net revenue \$30,000,000. Compared with the previous year, there was a decrease of \$1,000,000 in the net revenue. On the expenditure side the postal service costs were \$36,300,000, an increase of \$1,300,000.

EXCISE DUTIES
The excise duties are largely assessments on alcoholic beverages and tobacco manufactured in Canada. The total collected during the year was \$7,747,000. During the year the collection on tobacco remained practically stationary at about \$42,000,000. Of the amount, duties on cigarettes produced \$30,000,000. There was a decline of over \$7,000,000 in the collections on alcoholic beverages produced in Canada. On and after July 1, 1930, clearances were denied to vessels having on board any intoxicating liquors destined for delivery in any country into which the importation of such liquor was prohibited. The enforcement of this law to a great extent explains the decline in the excise revenue.

provinces, and, in addition, small expenditures were made in the Northwest Territories. A statement of expenditures, by provinces is:

Province	1930-31	1929-30
Ontario	\$3,516,806	3,516,806
Manitoba	629,804	629,804
Saskatchewan	585,991	585,991
British Columbia	589,235	589,235
Northwest Territories	1,562	1,562

AIR SERVICE EXPENDITURE
The increase of over \$1,000,000 in air services falls under three headings: connection with air services generally there was an increase of \$394,000, for civil air services \$387,000, and for air mail routes \$494,000. The sum of \$180,000 was expended in connection with the airport at Trenton, Ontario, and the establishment of new air mail routes made it necessary to establish various points throughout Canada. Other expenditures, due to increased use being made of the services of the air service, involved greater expenditures for supplies and maintenance, and made it necessary to increase the personnel.

WAR PENSIONS GROW
There is an unanimous sentiment that Canada shall provide adequately for those who served and suffered during the war, and annually the amount expended on account of pensions and after-care of veterans increases. In the year under review, the total amount paid on account of pensions and after-care was \$1,380,000, thus making a total expenditure on these two accounts of over \$55,000,000 in the new year under review.

POST OFFICE INCREASE
The increase of expenditures amounting to \$1,380,000 on post office account may be divided into three groups. Approximately \$322,000 was expended in settling overdue accounts with the Printing Bureau. These overdue accounts had accumulated over a series of years, and at the close of the fiscal year a supplementary estimate was authorized by Parliament to bring the account up to date. An amount of \$270,000 in expenditures was due to the extension of air mail services, and \$375,000 was spent in salary increases, mainly to those in the outside service.

MORE FOR PUBLIC WORKS
The expenditures on ordinary account by the Public Works Department were \$5,000,000 in excess of the expenditures in the previous year. Of this, the additional expenditures were in connection with the extension and improvement of public buildings amounting to \$3,425,000. On harbor and river works, expenditures amounted to \$1,500,000, as compared with the previous year. The expenditures in respect to the Maritime Freight Rates Act in 1929-30 were \$7,400,000, and in the year under review they were \$10,537,000. The increase divides itself under two heads: \$2,700,000 was an account carried forward from the previous fiscal year, having been received too late to be included in the accounts for that year, and the balance, \$2,837,000, represented the additional amount payable as provided by the act for the year.

SPECIAL RECEIPTS
The consolidated fund receipts may now be summarized. In the fiscal year just ended the total receipts were \$446,449,000, as compared with \$441,411,000 in 1929-30. In other words, there was a decrease of \$5,038,000. During the year certain special receipts came under the treasury, which must be added before the total revenues for the year are given. The most important of these were the payments received on account of the sale of the Canadian Pacific Railway, \$4,000,000. This was a larger sum than had been received in the preceding year, due to the success of the German international 50 per cent loan, 1930, and the sale of the railway to the creditors to receive a cash payment on future repayments. Canada's share thus acquired was \$2,700,000. The balance of the plan involved the establishment by Canada of a small credit, amounting to \$720,000, in the Bank for International Settlements. This credit was repaid to Canada on ordinary reparations account, was \$3,955,000.

REVENUE OFF \$90,000,000
Adding these special receipts to the consolidated fund, revenues for the year make a grand total of \$356,213,000, as compared with \$446,449,000 in the previous year. The decrease of \$90,236,000, or 20 per cent, of the total revenue for the year is the result of the decrease in the consolidated fund, revenues for the year make a grand total of \$356,213,000, as compared with \$446,449,000 in the previous year.

HOW MONEY WAS DISBURSED
In all, \$4,431,000 was actually paid, the money being disbursed as follows:
Alberta.....\$3,600,171
British Columbia.....259,040.82
Manitoba.....305,638.53
New Brunswick.....260,233.67
Nova Scotia.....62,606.17
Ontario.....1,310,433.18
Prince Edward Island.....1,529.88
Quebec.....219,452.87
Saskatchewan.....335,684.97
Yukon.....20,000.00

EXPENDITURES RISE
Ordinary expenditures for the year were \$57,780,000, as compared with \$57,780,000 in the fiscal year 1929-30. This was an increase of \$36,220,000, the more important items which show increases being:
Subsidies to provinces.....\$4,500,000
Department of Indian Affairs.....700,000
Old age pensions.....4,100,000
Lighthouse and coastal services.....500,000
Air services.....5,500,000
War pensions.....1,380,000
Treatment and after-care of veterans.....1,380,000
Post Office Department.....8,640,000
Maritime Freight Rates Act.....2,925,000
Department of Trade and Commerce.....1,800,000
Unemployment relief.....4,430,000
The war on an increase in the subsidy paid to Manitoba of \$4,970,927.63, as provided by legislation in connection with the transfer of natural resources to the province. The transfer of the natural resources made no change in the annual subsidy payments to the provinces of Alberta and Saskatchewan, although the dates of payments have been changed from March 1 and September 1 to January 1 and July 1.

The major increase in expenditures on account of old age pensions was due to larger payments being made in the province of Ontario. The act, during the fiscal year, applied to five provinces, and, in addition, small expenditures were made in the Northwest Territories. A statement of expenditures, by provinces is:

CONSOLIDATED FUND EXPENDITURE
Finance.....\$131,000,000
Interest on debt.....17,435,000
Subsidies to provinces.....4,500,000
Charges of management.....920,000
Premium, discount and exchange.....19,000
Supplies.....492,000
Printing Bureau.....14,000
Supervision No. 2.....593,000
Supervision No. 3.....140,000
Civil government.....12,620,000
Agriculture.....9,144,000
Fisheries.....2,382,000
Immigration.....2,250,000
Indian Affairs.....5,884,000
Domestic institutions.....4,968,000
Government of N.W.T. territories.....548,000
Government of Yukon Territory.....210,000
Administration.....2,214,000

NORMAL SCHOOL HOLDS PICNIC
Novel Stunts Feature Annual Outing to Cordova Bay and Elk Lake

With a programme of novelty stunts featuring the day, students of the Victoria Normal School held their annual picnic at Cordova Bay and Elk Lake on Saturday. Starting out at 9 o'clock from the school, a squad of early risers hiked to the bay for the first part of the day and were joined there by the remainder of the party, which came on buses. The student body was divided into four groups, the Ogopogo, Signa Normal, Red Tops and Hayseeds for their various contests during the day and were each required to perform some stunt.

At Cordova Bay, the Ogopogos staged the "Human Motor Car" exhibition which was received with great enthusiasm by the remainder of the picnicers. Hugh Farquhar was in charge of the event. Following luncheon at Cordova under the direction of Messrs. Holm Hall, MacLean and Griffiths, the party proceeded to Elk Lake, where other groups did their novelty stunts.

Signa Normal gave a presentation on "Early England," the Hayseeds a "Mock Wedding" and the Red Tops "Hades 1978," the last mentioned winning the prize. A small series in which the Red Tops defeated the Ogopogos and the Hayseeds won from the Signa Normal was greatly enjoyed. In the final the Hayseeds scored their second victory in the Normal School championship.

Following are the results of the different races:
Egg and spoon race—Signa Normal
Tie race—Ogopogos
Obstacle race—Red Tops
Three-legged race—Hayseeds
Wheelbarrow race—Ogopogos
In the tug-of-war, Red Tops and Signa Normal tied for a dead heat.

TRASH HUNT
After supper the party went on a treasure hunt, Miss Evelyn Johnson winning the prize. Ghost stories were told around the fire by Mrs. Halls and Miss Jones and Mr. Montford and Mr. Spearman. Mrs. D. L. MacLaurin judged the ghost stories, while Miss G. Riddell and C. B. Wood determined the winners of the various contests.

BENNETT TELLS HOW OUTLAYS MOUNTED UP
The removal of preferential tariff by the New Zealand Government, effective to-day, is a move to even up the preference between Canada and New Zealand, said J. W. Collins, New Zealand trade commissioner to Canada, who is attending the Canadian Manufacturers' Association convention here. He said it was certain the B.C. salmon trade would be affected. The news dispatch from New Zealand indicated that lumber was included in the list of items suffering, however.

While Mr. Collins mentioned that when he left New Zealand last year Canada's benefit from the preferential tariff in New Zealand amounted to \$2,000,000, the extent of only \$1,600,000. Manufacturers attending the convention viewed with some alarm the changes announced from New Zealand. R. W. Mayhew of the Sidney Rubber Roofing said: "It will probably affect us all right," but reserved other comments until the full details of the changes are known.

Several local lumber firms which have an export business to New Zealand and may also suffer.

A Big Six Priced Like a Four

WILLYS

At its new low price the Willys Six Sedan is the largest, roomiest car for the money today. And it is also the biggest value ever offered in our 24 years of fine car building.

It is larger and longer, with low streamlines which give that "big-car" appearance. Inside there is more head room, more leg room, more elbow room. New 58 1/4-inch tread is the widest of all low-priced cars and gives extra width in the rear seat. Front seat is adjustable, and has tilting back.

This strikingly beautiful car combines the most advanced engineering features with brilliant performance. Improved Duo-Servo internal expanding brakes with new cable hook-up. Hydraulic shock eliminators. Longer, more flexible springs, front and rear. Improved spring shackles. Smarter appearance more luxurious interiors. 70 mile an hour speed, and as high as 50 in second gear. Get a demonstration.

SAFETY GLASS AVAILABLE IN EVERY WINDOW

AIR MAIL CONTRACTS ARE ENDED AS SERVICES CUT

(Continued From Page 1)

Bennett to abandon the services was made known here yesterday.

Air mail services now extend from the Maritimes as far west as Edmonton. The transcontinental flights will be dropped within the next two months. A possibility remains the Rimouski-Montreal flight which carries mail to transatlantic liners may be retained, also the international link with the United States from Montreal to Albany. The expectation is, however, that these will only be continued if air companies content to a revision of present contracts.

The contracts are to be cancelled under a clause which provides the government may set them aside when it appears in the public interest. Heavy deficits in postal operations are understood to be the reason for the curtailment of the air routes. The department is facing a deficit for the past fiscal year in the neighborhood of \$6,000,000. Air mail flights are known to be the least remunerative of the postal services.

The four chief lines, all of which have definitely been dropped, are: Montreal, Moncton and St. John, N.B.; Montreal, Toronto and Windsor; Winnipeg, Regina and Calgary; Regina, Saskatoon and Edmonton. The link between Winnipeg and Winnipeg is through the United States. The junction flight between Winnipeg and the border will also go by the board.

The Rimouski-Montreal flight has been considered one of the most important because of placing Canada on a better competitive basis with vessels out of New York. If any part of the service is retained, the probability is this route will continue.

During winter months special flights were occasionally made into regions not easily reached by other means of transportation. Last Christmas, dwellers in the far north received gifts by airplane in a few hours that otherwise would take weeks to reach them by dog sled.

Winnipeg, June 1.—"I can hardly credit it," declared James A. Richardson, president of the Canadian Airways Ltd., when he heard a report saying Premier Bennett had decided to cancel all air mail services in the Dominion. Mr. Richardson said he had received no official intimation that such action was even contemplated by the Dominion Government.

Until announcement was made officially, the head of Canadian Airways which operates lines as far west as Alberta, refused to comment on the probable effect of government cancellation of contracts.

Mr. Richardson said a short time ago the contracts held by his company were gone over with the government and at that time the situation seemed clear. He could not believe Mr. Bennett intended to cancel them at an early date.

CHURCH YOUTH GROUPS IN ITALY ORDERED ENDED

(Continued From Page 1)

It was expected in some quarters that as a result of the dissolution the Pope would recall the papal nuncio accredited to Rome, leaving the charge d'affaires as his representative.

Police prefects in the provinces reported to the Minister of the Interior that all Roman Catholic youth organizations in their territory had been disbanded without incident.

The decree of dissolution was signed yesterday evening by Premier Mussolini. It made no reference to Catholic youth clubs as such, but struck at them automatically by directing dissolution of all organizations not attached to the Fascist Party.

The brief announcement by the government showed dissolution was the closing of thousands of Catholic clubs throughout Italy which has been in progress since Saturday. It was expected now that negotiations for restoration of the clubs must be initiated by the Vatican.

The Pope's meeting with twenty-four cardinals at the Vatican to-day lasted nearly two hours. While it was still going on it was learned the Premier, conferring with his ministers at the Chigi Palace, had conveyed his wishes to the Fascist editors.

Some of the clubs which were closed have been informed they may reopen. They probably will await word from the Vatican before doing so.

The Fascist position is that clubs which have been proved innocent of political activities may resume operation immediately.

CLASHES IN SCOTLAND Glasgow, Scotland, June 1.—A procession of 10,000 Roman Catholics observing their annual May parade was attacked by a mob in the Glasgow district of Glasgow yesterday.

Several hundred persons engaged in fist fights and strong forces of mounted and foot police were required to quell the disturbance. Similar incidents occurred in various towns in Lanarkshire.

A large parade of Catholics, including many children, was set on in Moss and several persons were injured. Stones were thrown at the participants and at a statue of the Virgin Mary, necessitating police interference. Another clash took place at Bellshill, near Carlin, but was suppressed.

He was Canada's third cardinal, his predecessors being Cardinal Bevin and Cardinal Taschereau. All were archbishops of Quebec.

Following the auto accident last summer, Cardinal Rouleau spent part of his convalescence period in Fall River, Mass., whence he returned to Quebec. The cardinal was to have conducted holy week ceremonies here this year, but was to cancel his plans and enter hospital for treatment. Since that time he had periodically entered hospital for rest and treatment.

His last visit to Rome was during June, 1930.

DOCTOR ESCAPES INJURY IN CRASH Dr. H. A. Whillans, responding to a call from a patient, on the road up the Bear River, outside of Stewart, B.C., escaped serious personal injury when his car was in collision at Ward's Pass with another car, according to reports received by his family here. Besides the damage to the radiator, windshield and other forward parts of Dr. Whillans' car, the force of the collision was so severe that the shaft was bent. The crash smashed the transmission gear on the other car driven by T. R. Whitley of Stewart.

ASH ABANDONS FLIGHT PLAN

Pilot Tests Plane on Japan Beach and Finds It Unequal to Task

Tokio, June 1.—A Rengo Agency dispatch from Samushiro, Japan, to-day said Thomas Ash Jr. had abandoned his proposed non-stop airplane flight across the Pacific to Seattle and was returning to Tokyo.

Ash's decision was attributed in the dispatch to failure of his plans to come up to expectations in several particulars. The message said the motor had failed to run perfectly and had developed only enough power for 1,650 revolutions a minute, when at least 1,850 were needed to rise with the plane's heavy load of fuel.

SLUGGISH ON CONTROLS The message also mentioned a bent left auxiliary wing and said Ash had found the plane did not respond properly to the controls.

The plane, renamed the Pacific, was the machine used by Bromley and Gatty in their unsuccessful transatlantic attempt last year, when it bore the name, City of Tacoma. It is a low-wing monoplane.

GASOLINE REDUCED Prior to the announcement that he would abandon the flight, Ash had reduced the plane's gasoline supply to 900 gallons. He had originally supplied the ship with 1,020 gallons, but twice reduced the amount when it was evident the plane would not take off.

Ash considered 900 gallons of fuel would be insufficient to reach Puget Sound and for a time he contemplated trying the flight with the reduced supply, his intention being to head for Dutch Harbor, Alaska.

RANGE TOO SHORT The Rengo Agency quoted Ash as saying:

"The range of the monoplane as shown by the flight from Tachikawa to Samushiro (390 miles) and my attempt to take off with a full load of fuel, has proved to be much less than is required for a flight from Japan to America."

"This decision was reached after exhaustive calculations. It means postponement of my life ambition."

"Observation at Samushiro convinced me a non-stop transatlantic flight to America from Samushiro is practicable."

MAY TRY AGAIN "I hope to have the opportunity yet of trying again with a more suitable plane."

Generous friends of Ash here telegraphed him yesterday, urging him to abandon the flight.

PASSING OF CARDINAL IS MOURNED

(Continued From Page 1)

The stricken prelate died of a heart attack soon after 10 o'clock yesterday morning.

Like his predecessor, Cardinal Bevin, Cardinal Rouleau was a son of a farmer and his early years were spent in the beautiful countryside near the St. Lawrence at Isle Verte. His parents were Felix Rouleau born on April 6, 1866. As a little boy he gave promise of being a remarkable scholar. He attracted the attention of Canon Rouleau of Rimouski, his uncle, who undertook to superintend his education when the lad was sixteen years old.

After taking the classical course at Rimouski Seminary, he joined the Dominican Order at St. Hyacinthe in 1886. Six years later he was ordained priest at one of the chief Dominican establishments in Quebec. In 1894 Father Rouleau returned to St. Hyacinthe, where he filled various religious posts in a most able manner. His outstanding ability as an orator and organizer was to receive its first important recognition when he was chosen Prior of the Dominican Order in Canada and transferred to Ottawa. For twenty years he was known to his community and its followers throughout Canada for his sermons, which were models of logic. He conducted his own missions and held some before any congregation, for he spoke French and English with equal fluency.

BISHOP OF VALLEYFIELD Little surprise was expressed in Roman Catholic circles when he was appointed in 1923 Bishop of Valleyfield, Que. The diocese of Valleyfield proved only a stepping-stone to the greater office of Archbishop of Quebec, to which see he was translated in 1926.

He was well known at the time still further honors were in store for him and long before the official announcement was received from Rome, Quebec papers stated he was to be named cardinal. The actual call came in November, 1927.

The cardinal returned to Quebec and received a noteworthy welcome at the hands of the clergy and the laity of the ancient capital. A purse of gold amounting to \$30,000 was subscribed for him, which donation the cardinal devoted to one of the Quebec charities.

He was Canada's third cardinal, his predecessors being Cardinal Bevin and Cardinal Taschereau. All were archbishops of Quebec.

Following the auto accident last summer, Cardinal Rouleau spent part of his convalescence period in Fall River, Mass., whence he returned to Quebec. The cardinal was to have conducted holy week ceremonies here this year, but was to cancel his plans and enter hospital for treatment. Since that time he had periodically entered hospital for rest and treatment.

His last visit to Rome was during June, 1930.

DOCTOR ESCAPES INJURY IN CRASH Dr. H. A. Whillans, responding to a call from a patient, on the road up the Bear River, outside of Stewart, B.C., escaped serious personal injury when his car was in collision at Ward's Pass with another car, according to reports received by his family here. Besides the damage to the radiator, windshield and other forward parts of Dr. Whillans' car, the force of the collision was so severe that the shaft was bent. The crash smashed the transmission gear on the other car driven by T. R. Whitley of Stewart.

by the local fire department shortly after 5:30 o'clock this morning. In the 2600 block on Blanshard Street, but before it was brought under control, the flames had demolished two garages and several small sheds at the back of houses on the street. Telephone and electric wires were also reported to have been put out of commission and one car, a Ford touring, was badly damaged, having the top and upholstery burned. No definite estimate of the damage could be secured.

Aroused by the noise of fire engines residents of the district hastily donned their clothes and rushed to the scene of the blaze. The ruins of the sheds and garages were piles of smoking embers in a short time.

CAR ON FIRE According to a police report a Chevrolet sedan, thought to belong to Thomas Weeks and Sons, was badly damaged by fire at the corner of Hillside Avenue and Cedar Hill Road. A call was turned in to the fire department shortly after 9 o'clock Sunday morning by A. Duncan, 1421 Edgewood Road, who stated

WILLIAM HILL COMPLETES HIS NIAGARA STUNT

Canadian Press

Niagara Falls, Ont., June 1.—The Niagara River was the scene of another stunt yesterday. William "Red" Hill completed the challenge he had started Saturday by floating in a barrel from the whirpool to the Queenston Docks. The docks were his destination on Saturday, when he narrowly escaped death. On the morning of his seventh year-old son saved the father's life. As the barrel swirled and turned in the grip of the whirpool, the boy swam to it, fastened it with a rope and with his father was hauled safely to shore.

STUNT WAS SURPRISE But Sunday's attempt was a surprise. At 11:15 a.m. Hill climbed into the barrel again and was towed past the dam and guided into the main stream. He got into the lower rapids, which are rougher than those above the whirpool, and there the barrel was tossed high into the air, turning over and over. Hill stated afterward he had received an unmerciful pummeling. The barrel moved quickly through the deeper and smoother water, and there was grappled and held by men in boats. Then it was towed to shore and Hill removed from his stifling place of imprisonment.

NEWCASTLE ISLAND RESORT EXPECTED TO AID HOTELS

The impending opening of Newcastle Island near Nanaimo as a holiday resort was a factor this morning in Supreme Court chambers proceeding before Mr. Justice Gregory, in which P. R. Leighton opposed an application by F. E. Cunliffe for a final order of foreclosure of a mortgage on the Globe Hotel.

Mr. Leighton argued that a substantial improvement in value would accrue to the property, which faces the waterfront and has a beer parlor, as a result of the opening of the Canadian Pacific Railway Company's new resort.

His request for an order delaying foreclosure for six months, was deferred for three weeks, to enable Mr. Cunliffe to get in touch with Senator Pinta at Ottawa, the official receiver, whose firm had also acted as agent for the plaintiff Taylor and the defendant Henderson.

SALES TAX INCREASED (Continued From Page 1)

direct from place of growth or imported from the United Kingdom, and rates of ten cents, ten cents and ten cents per pound on teas otherwise imported.

15.—The rates on the so-called basket item (item 711, unenumerated articles), are raised for 15 per cent, 17 1/2 per cent and 17 1/2 per cent, to 15 per cent, 25 per cent, and 25 per cent.

FIRES EXACT TOLL IN CITY; FORESTS FREE (Continued From Page 1)

by the local fire department shortly after 5:30 o'clock this morning. In the 2600 block on Blanshard Street, but before it was brought under control, the flames had demolished two garages and several small sheds at the back of houses on the street. Telephone and electric wires were also reported to have been put out of commission and one car, a Ford touring, was badly damaged, having the top and upholstery burned. No definite estimate of the damage could be secured.

Aroused by the noise of fire engines residents of the district hastily donned their clothes and rushed to the scene of the blaze. The ruins of the sheds and garages were piles of smoking embers in a short time.

CAR ON FIRE According to a police report a Chevrolet sedan, thought to belong to Thomas Weeks and Sons, was badly damaged by fire at the corner of Hillside Avenue and Cedar Hill Road. A call was turned in to the fire department shortly after 9 o'clock Sunday morning by A. Duncan, 1421 Edgewood Road, who stated

News of Clubwomen

Ladies' Club.—The Ladies' Club of the Progressive Thought will hold their business meeting at the home of Mrs. Christopher on Wednesday at 2 o'clock, following which will be held an apron tea in aid of the forthcoming garden party.

Seamen's Institute.—The Victoria Connaught Seamen's Institute will meet on Thursday at 2:45 o'clock in the institute, Superior Street. As this will be the final meeting of the season, all members are asked to attend.

Gonzales Chapter.—The monthly meeting of Gonzales Chapter I.O.D.E. will be held at the headquarters, Union Building, Tuesday, at 10:30 o'clock.

Women's Canadian Club.—At a meeting of the Women's Canadian Club Tuesday, at 2:45 o'clock, at the Empress Hotel, Mrs. Douglas Durkin of Vancouver, will speak on the recent celebration in Reykjavik, Iceland, which she attended. Miss Grace Platt will be the soloist.

Presented Comedy.—On Wednesday the evening branch of St. John's W.A. presented a two-act comedy entitled: "Miss Molly." Those taking part were as follows: Reginald Peters (comedian), Mr. Warburton; Miss Annie Peters (his twin sister); Miss E. Slocombe; Molly (the niece from the Philippines); Miss E. Flint; Julian (Mr. Peters' ward); Miss G. Barlow; Joe (colored servant); Mr. Warburton; Cissie Saunders; Miss H. Butterfield; Pearl White (colored girl); Miss M. Larkcom; Lady Elvira; Miss H. Buddles; etc. All parts were particularly well taken and the audience was kept highly entertained by the various amusing incidents. Between acts Mary Warburton entertained with comic sketches. The branch is greatly indebted to the Hudson's Bay Company for its loan of hangings.

Camou Chapter.—The monthly meeting of the Camou Chapter, I.O.D.E., will be held on Thursday at 2:30 o'clock at the home of Mrs. Frank Sylvester, 1716 Fort Street.

Central W.C.T.U.—The annual meeting of the Central W.C.T.U. will be held on Thursday evening at 8 o'clock at the Y.W.C.A. Officers will be elected for the coming year and reports received.

Friendly Help to Meet.—The monthly meeting of the Friendly Help Association will be held to-morrow morning at 10:30 o'clock in the rooms, upstairs, Market Building, Cormorant Street.

Chapter to Meet.—The Sir James and Lady Douglas Chapter, I.O.D.E., will hold its monthly meeting on Thursday at 2:30 o'clock, in 401 Union Building. All members are requested to attend.

Strawberry Vale W.I.—The Strawberry Vale Women's Institute will hold their regular monthly meeting on Tuesday June 9 at 3 o'clock as the executive committee has found it necessary to cancel the usual date. Will members please note this alteration, and make a full attendance, as

KING'S BIRTHDAY DANCE

Auspices Victoria Rotary Club. Funds in aid of St. Joseph's and Jubilee Hospitals and Rotary Charities.

New Manufacturers' Building, WILLOWS
Wednesday, June 3
Official opening of the new building. Magnificent floor. Ten-piece orchestra. Dancing 8 to 1. Dress Informal. Buffet Supper. Tickets at Fletcher Bros. and Jaggery Shop. Tickets, 50¢ each.

The Baroness Freilberg who was chosen at a recent beauty contest in Berlin, to come to America to represent her country at the international beauty contest in the Victoria, Texas.

several matters of importance will be discussed.

ROTARY DANCE AT WILLOWS

Function in New Building Wednesday to Aid Hospitals and Charities

The formal opening of the new manufacturing building at the Willows will be marked on Wednesday evening, June 3, by a dance in aid of the new building under the auspices of the Rotary Club, in conjunction with the B.C. Agricultural Association. The financial returns from this joint dance will be divided between the Royal Jubilee Hospital, the St. Joseph's Hospital and Rotary charities. The new manufacturers' building at the Willows is really the property of the citizens of Victoria, having been made possible through the by-law recently passed. It is beautiful and creditable in all its features. This occasion offers a first opportunity of inspection and the only opportunity to use it for a public function as permanent fixtures are to be installed immediately. The Premier, Dr. S. F. Tolmie, and Mayor Anson will be present and officially declare the building open.

The women's auxiliaries of the Royal Jubilee Hospital and of St. Joseph's Hospital and Rotary ladies will provide refreshments and Rotarians will take care of the details of management. A specially selected ten-piece orchestra will render a programme of latest dance music from 9 till 1 o'clock. The affair will be informal and the price of tickets has been fixed so as to enable all to attend. The committee charge purposely avoided a ticket selling campaign or canvassing for donations or other patronage, believing that this three-fold appeal will be sufficient and will not fail to draw response worthy of the occasion.

BARONESS CHOSEN "MISS GERMANY"

The Baroness Freilberg who was chosen at a recent beauty contest in Berlin, to come to America to represent her country at the international beauty contest in the Victoria, Texas.

WIVES OF C.M.A. DELEGATES ARE WELCOMED HERE

Nosegays of Roses Presented at Reception Under Direction of Mrs. W. A. Jameson

Varied Entertainment Planned For Pleasure of Visiting Guests to Convention

Charming little bouquets of roses from local gardens breathed a fragrant greeting to the wives of the visiting delegates to the annual convention of the Canadian Manufacturers' Association this morning. This delightful gesture of welcome was made in the Rose du Barry room, when Mrs. W. A. Jameson, chairman of the women's committee, and members of her committee, which includes Mrs. H. Beach, Mrs. J. O. Cameron, Mrs. T. J. Goodlake, Mrs. E. W. Izard, Mrs. W. A. Loney, Mrs. R. W. Mayhew, Mrs. James Parfitt, Mrs. H. J. Pendray, Mrs. A. F. Stevens and Mrs. Edwin Tomlin received the visiting ladies.

VARIED ENTERTAINMENT

A varied programme of entertainment has been arranged for the pleasure of the visitors during their three-day stay. To-day at noon the women joined the delegates at luncheon at the hotel, afterwards visiting the Parliament Buildings and Provincial Museum, including the Archives.

To-morrow at noon the visiting ladies, together with Mrs. J. A. MacDonald, Mrs. S. F. Tolmie, Mrs. Herbert Anson, Mrs. W. A. MacDonald, the wives of Minister of the Cabinet and of government officials, will be guests at a luncheon in the Duke of Kent private dining-room.

In the afternoon the visitors will be taken for a motor ride through the Gordon Head, Cadboro Bay and Uplands districts, arriving at the Beach Hotel at 4:30 o'clock for afternoon tea.

In the evening a supper dance will be held at the Empress, commencing at 9 o'clock, when the entertainment featured will include numbers to be contributed by Mrs. Styles Sehl and Mrs. Dorothy Wilson's Ballet School of Dancing.

On Wednesday a luncheon will be given at the Colwood Golf Club to be followed by drives to Metehosin, Sooke, or the Malahat, at the choice of the visitors, returning to the hotel in time for the annual dinner of the association.

SOCIAL WORKERS TO MEET HERE

Two-day Conference to Be Held at Sunshine Camp at Week-end

Leading social workers of British Columbia will gather at the Sunshine Camp at Saseen on Saturday and Sunday for a conference, at which many of the sociological problems of the day will be discussed. The conference is being held under the auspices of the Social Service League, and anyone desirous of attending is requested to notify the secretary at the headquarters, 45 Arcade Building.

The programme of the two-day conference will be as follows:

SATURDAY, JUNE 5
10:30 a.m.—"Some Aspects of Unemployment." Prof. H. P. Angus, Department of Economics, University of B.C.
1:30 p.m.—"Unemployment. Curative Measures." Prof. W. A. Carrothers, University of B.C.
8 p.m.—Address, Mrs. C. Dev. Schofield.

SUNDAY, JUNE 6
Morning—Recreation.
2:30 p.m.—"Unemployment as Seen From a Social Agency." Miss Arlene Johnson, assistant secretary, Seattle Community Fund.
4:45 p.m.—"Some Miscellaneous Facts on the Social Situation in British Columbia." Mr. J. Howard T. Falk, director, Vancouver Welfare Federation; chairman, Stanley Brent, general secretary, Y.M.C.A., Vancouver.

Finally Consented

"How are you getting on with your courting of the banker's daughter?" "Not so bad. I'm getting some encouragement."

"She's beginning to smile on you, is she?"

"Not yet, but last night she told me she had said 'No' for the last time."

"Doesn't it ever rain in this country?"

"Rain? Why, there's frogs in this town over five years old that haven't learned to swim yet."

WOMEN'S CANADIAN CLUB TO-MORROW

Mrs. Douglas Durkin, who attended the one thousandth celebration of the founding of the Icelandic Parliament held at Reykjavik, last year, will give an account of her experience before the Women's Canadian Club to-morrow afternoon at 2:45 o'clock at the Empress Hotel. The address promises to be unusually interesting. Miss Grace Platt, gold medalist soprano at the B.C. Musical Festival, will be the soloist.

Society

Mr. and Mrs. C. Kneale of 464 Kingston Street have left to spend an extended holiday at All Bay.

Mrs. J. W. Benning, Beresford Place, has been spending the week-end in Vancouver.

Mrs. Charles W. Rhodes is among the visitors from Victoria spending a few days in Vancouver.

Mr. and Mrs. Frank Fretwell of Seattle have returned home after spending a few days in Victoria as guests at the Empress Hotel.

Mrs. W. R. Wells and Miss Peggy Clark of the Alkazar Mansions, spent the holiday at the new Sooke Harbor House at Whiffen Spit.

Mrs. A. Poyntz, Joffre Street, Esquimalt, returned Saturday after spending a week at Ganges as the guest of Mr. and Mrs. J. W. Swetnam.

Mr. Donald Fraser will be "at home" to his many friends to-morrow afternoon from 4 until 6 o'clock at his home, 515 Esquimalt Road.

Congratulations are being extended to Mr. and Mrs. R. J. Cummins of Vancouver on the arrival of a baby daughter at St. Joseph's Hospital this morning.

Mrs. H. Musgrave, Goodwin Street, Oak Bay, accompanied by her son, Mr. Tod Musgrave, has left for Shewanigan Lake, where she will spend the remainder of the summer.

Hon. Dr. C. M. Rolston and Mrs. Rolston arrived in Victoria yesterday from Dominica, British West Indies, and will make their future home here.

Mrs. A. Stuart Robertson, Belmont Avenue, has returned from San Francisco where she has been spending a couple of weeks as the guest of her son-in-law and daughter, Mr. and Mrs. Cyril Vibert.

Miss Audrey Price, R.N., and Miss Ruth Price, R.N., left to-day for Boston to take up post graduate work. En route they will visit relatives in Montreal, St. John, and other eastern cities.

Miss Patricia Burden, daughter of Mr. F. P. Burden, Agent-General for British Columbia, and Mrs. Burden, will be among the debutantes presented at one of the royal courts in London this month.

Mrs. Constance Heyland, whose marriage to Mr. Herbert Beckton will take place this week, was presented with a beautiful silver tea service and tray from the manager and staff of the Bank of Montreal on Friday afternoon, on the occasion of her retirement.

Brigadier and Mrs. J. Sutherland Brown entertained yesterday afternoon at the tea hour at their home at Work Point Barracks as a farewell at Col. Sutherland's departure for New York, to which city Commander Murray has been transferred from Victoria.

Mr. Lawrence Mallet, son of Mr. and Mrs. H. I. Mallet, Fernwood Road, New York, from where he will sail for Europe on a combined business and pleasure trip, after visiting in Paris, Switzerland, Germany and Italy, he will spend some time in London prior to sailing for home via Montreal. Mr. Mallet will be away three months.

Miss Helen Tatlow of Vancouver left the mainland city on Saturday morning for Ashcroft, B.C., where her marriage to Mr. R. H. Wilson of Victoria will take place to-morrow. She was accompanied by Miss Margaret Tatlow and Miss Isabel Russell, who are to be her bridesmaids, and with Mrs. R. G. Tatlow, who left for Ashcroft yesterday, they will be the guests of Mrs. Fitz-Allen Victor Cornwall.

Among those who have left Victoria to attend the wedding of Miss Helen Tatlow and Mr. Dick Wilson that will take place at Ashcroft to-morrow are Mr. Arthur Nash, who will be best man at the wedding, and Mrs. Nash, Mrs. Biggerstaff Wilson, Mr. and Mrs. W. B. Wilson, Miss "Tommy" Wilson, Miss Dora Kerr and Mr. Elsieck Wilson. Miss Nora Wilson will also be among those at the wedding as she has been visiting in Ashcroft with Mr. and Mrs. Clarence Pitts.

Mr. and Mrs. H. B. Darnell of Miyajima, upper Terrace Road, Uplands, and as their guest over the week-end, Mr. A. P. MacLaurin, who is the store manager of the Kilan Mining Administration of North China, who arrived in Victoria on the Yokohama Maru from China on Saturday, and left again this morning for Montreal, whence he will sail on the liner Athenia for England. Mr. MacLaurin is on six months' furlough, and will return to the Orient via the Trans-Siberian Railway.

Mrs. G. A. Backlin, wife of the U.S. Consul, is expected back in Victoria on Friday from Toronto, where she has been spending the last month with her daughter, Mrs. E. M. Basingthwaite, to whom a daughter, Betty-Lou, was born on May 16. Mr. and Mrs. Bucklin, with Miss Margaret Bucklin and Master Edward Bucklin, will leave Victoria on June for Oakland, California, to attend the annual graduation exercises of Mills College on June 15, at which ceremony their daughter, Miss Mary Bucklin, will receive her B.A. degree.

Guests at the Belvedere Hotel, Sooke Harbor, recently included Mrs. and Mr. E. R. Budd and family, Miss Marie A. Bidel, Miss L. Verdier, Miss J. Suter, Miss L. Murry, Miss A. Murry, Mrs. C. P. Crawford, all of Vancouver; Mr. and Mrs. D. E. Day, Mr. and Mrs. W. Smith, Mr. and Mrs. R. N. Watson, Mr. and Mrs. E. J. Watson, Mr. and Mrs. W. J. Wild, all of Victoria; Mr. and Mrs. J. P. McGowan, Bellingham; Mr. and Mrs. T. E. McLachlan, Seattle; Mr. W. C. Lawson, Port Wells, B.C.; Mr. and Mrs. A. E. Plummer, Vancouver; Mr. G. E. Lipe, Williamsport, Pa.; Mr. Amaury de Kerros, Lamidut, France.

MRS. L. A. GENGÉ IS COUNCILLOR

Victoria Regent Chosen on National I.O.D.E. Executive Saturday

Canadian Press

Halifax, N.S., June 1.—Completing a week of conferences, which saw the work of the I.O.D.E. for the past year reviewed and a programme mapped out for the next delegates to the annual meeting of the National Chapter left for their homes across Canada yesterday. The final session Saturday saw Mrs. C. E. Burden of Toronto re-elected to the presidency.

Other officers chosen were Mrs. James Ince, Toronto, first vice-president; Mrs. R. M. Rhynch, Toronto, second vice-president; Mrs. G. E. Dunbar, Toronto, third vice-president; Mrs. R. W. Nicholson, Toronto, fourth vice-president; Mrs. H. Wilson, Toronto, fifth vice-president; Mrs. R. H. Brotherhood, Toronto, national secretary; Mrs. W. H. Barker, Toronto, national treasurer.

A sail around Halifax harbor and tea at the Navy League brought the official functions to a close Saturday. Next annual meeting will be held at Regina, Sask.

Among the national councillors are: Mrs. L. A. Genge, Victoria; Mrs. C. Grossman, Chilliwack; Mrs. Frank Sted, Vancouver; Mrs. J. Drummond, Calgary; Mrs. Duncan Smith, Edmonton; Mrs. R. Hawkins, Saskatoon; Mrs. A. Lay, Regina; Mrs. Home Burnett, Winnipeg; Mrs. D. Bates of Edmonton is standard bearer.

Girl Knocked Down By Automobile Is Seriously Hurt

New Westminster, June 1.—Glenvar Locken, five-year-old Fraser Mills girl, was seriously injured at 3 o'clock yesterday, when she was knocked down by an automobile on King Edward Avenue, near her home. She was taken to Royal Columbia Hospital with a crushed foot and thigh and possible internal injuries. Her condition is serious.

Short Wave Club Holds Its Picnic

Yesterday the members of the Victoria Short Wave Club and their friends held their annual picnic at Chatham Island. Sidney Pickles with his cruiser Kookaburra, and Mr. Beaumont with his cruiser Discovery Isle, transported the party to the island, starting from the Royal Victoria Yacht Club at 10:30 o'clock.

F. Butterfield, a member of the club, brought his portable transmitter (VEBAP) and receiver and established communication with Bonnie Hough (VESHR) and S. J. Cunningham (VESCE), both in Victoria.

During the afternoon games were played and some of the party went swimming. A vote of thanks was rendered to Messrs. Pickles and Beaumont.

British Association.—W. H. Blackaller will address the British Association in the Gordon Block to-morrow, at 8 o'clock, taking for his subject: "Jehovah, His Book and His People."

The forty-one graduates of the 1931 class of the Provincial Royal Jubilee Hospital, who are the guests of the board of directors at the annual dance on Saturday evening. The affair took place in the main recreation hall at the new nurses' home which was dedicated for the occasion with masses of lupin, campanula and iris. The graduates and their friends were welcomed by Mr. George McGregor, president of the board of directors. Mrs. McGregor and other members of the board and their wives, including Alderman and Mrs. John A. Worthington, Mr. and Mrs. H. Shandley, Mr. and Mrs. J. W. Tomlin, Mr. and Mrs. F. R. Brown, Dr. E. M. Pearce, medical superintendent, and Mrs. Pearce, Miss Mitchell, director of nursing, and Mrs. J. J. Colli-chuck, Mrs. G. E. Wilson, the Women's Auxiliary. Supper was served by the auxiliary in one of the downstairs halls, the tables with their vases of yellow lupins and blue irises and yellow candles presenting an attractive appearance. Among others present were: Mayor and Mrs. Herbert Anson, Dr. and Mrs. E. W. Book, Dr. and Mrs. J. W. Taylor, Dr. Gunn, Dr. Balfour, Dr. and Mrs. Hermann Robertson, Dr. and Mrs. Walter Bapty, Mrs. J. Phethean, Mr. and Mrs. Guy Shepherd and others associated with the hospital activities.

WANTED

5,000 Old Fountain Pens

Here's Your Opportunity To Get Rid of That Old Pen

That old pen of yours may have been a good one in its day, but now it's just as far out of date as a 1920 flivver. It writes, of course, but at the expense of time and temper. It leaks in your pocket or purse. It scratches and scrapes its way feebly across the page, leaving in its wake that inevitable trail of blot that makes you want to say things. It sticks into the paper on the up stroke and pours out copious quantities of ink on the down stroke. It will neither back up nor go ahead.

SELL IT TO US FOR \$1

We will allow you one dollar for your old pen, if it is a standard make and complete, on the purchase of a new Parker, Sheaffer or Waterman Pen valued at \$5 or more.

Get rid of that old pen now and get one of these modern, efficient, writing tools that speed up your writing, allow you to think faster and give you an entirely new sense of freedom in your writing.

COUNTESS MAKES DEBUT IN MOVIES

De La Falaise of France, who recently made her debut in a minor role in Hollywood.

THINKS SWEEPS ARE ROBBERIES

Premier Ramsay MacDonald Plays Lotteries, Including Irish Derby Sweepstakes

London, June 1.—A denunciation of sweepstakes as "robberies" and, incidentally, of the Irish Derby Sweepstakes, was made by Prime Minister Ramsay MacDonald to the correspondent of The London Daily Mail at Looe, Cornwall, Scotland, today.

The Prime Minister said the government had been seriously considering the question of the sweepstakes for some time, but the difficulties of dealing with them seemed "overwhelming."

"It is most deplorable," he said, "and a reflection on the strength of mind of the majority of the people of this country that especially in a time of economic depression, millions of dollars are devoted to this form of gambling on the pretext that it is to aid hospitals."

"Thousands of people are losing money that ought to be spent aiding British industry and providing the supports of life. It makes one almost despair and gives a feeling that civilization is crumbling."

Garden Fete At "Cloverdale" To Aid Order's Fund

Plans were advanced for the garden party to be held at "Cloverdale," the home of Premier and Mrs. Toimie, on Wednesday afternoon, June 10, under the auspices of the King's Daughters at the district meeting of that organization held Friday afternoon in the restrooms, Hibdon-Bone Building. An attractive programme of entertaining features is being arranged for the event, including dance numbers by Miss Powles, and music will be furnished by the Girl's Band.

The president, Mrs. L. H. Hardie, reported on the recent meeting of the Children's Aid Society, at which she represented the King's Daughters, and Mrs. R. A. Playfair reported on the past month's activities at the King's Daughters' Hospital at Duncan, and Mrs. Hardie told of interesting graduation ceremony held there on May 7. Routine reports on other branches of work were received from the various circles, and donations were made to the orphanage, Jubilee Hospital and relief funds. Mrs. James Stewart gave the report of the rest room.

YOUR CHILDREN

I have had a letter from one of the children themselves, a fourteen-year-old who probably will not relish being called a child, but of course that is what she is.

I have an idea that she is being official correspondent for a group of girls, indignant ones, who are appealing to me to back them in their dilemma. There has been trouble. The neighborhood in which they live seems to be up in arms, or at least caustically critical of the behavior of these girls, because they play games with boys—on the street corner.

Will I please give my opinion? Aren't they all right? The boys are the same age as the girls and they are only having fun.

A NORMAL COMPANIONSHIP

Yes, I shall give my opinion and here it is:

To begin with, the letter rings with righteous indignation and honest resentment. These things usually originate in a clear conscience and a brave open mind. There is no hint of privilege in it, but merely what this girl considers her just right.

People must get over thinking that because girls are fourteen and boys are fourteen they must stop looking at each other. Because it won't do any good anyway, and even if it were unethical they will look at each other and they will try to be together. But it is not unethical. It is normal and it is wholesome.

I have seen groups grow up together who were as companionable at this age as they were at six or ten, and I think it is a great thing.

But why the street corner? Why not at some of the girls' houses? Street corners are only resorted to when mothers close their doors to their children's friends—or the front gate, we'll say, since we are speaking of outdoors.

HAPPY EVENING AT HOME

I knew a fine group of young people one time. The mothers, sensing that this growing time was full of fine possibilities if rightly managed, flung open their doors to the crowd, the mothers of the boys taking as much interest as those of the girls. There were parties, dances, little informal evenings—all kinds of things.

Nothing was supervised too much—the hostess cleverly seemed to withdraw and let the young people think they were doing it all themselves, as indeed they did. There was no feeling of surveillance, and as far as I know not once did those healthy youngsters exceed the bounds of good taste.

Everything was frank and open. Nothing ulterior or skulking or hidden. The large backyard of our own house on the afternoon was filled with a noisy joyous crew of both sexes playing baseball, basketball, volley ball or field hockey. Surely was a certain court always crowded.

No one thought anything—why should they? I never knew a happier crowd and was only sorry that a year or so later it had to break up.

If there is any criticizing to be done, my young friend, it concerns the corner and the reason for their being there.

YOUR BABY and MINE

By MRS. ELDRED MEXER LINDEN

Mrs. Eldred will be glad to answer any questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

HERO WORSHIP IS GOOD FOR CHILDREN

But Mrs. Eldred Warns Mothers Against Asking Children to Imitate Playmates

So many of the mothers' mistakes are made in ignorance, unconscious of the results. We have an almost universal habit of setting up the "good" child in the family as a model for the others. It's so natural to say: "If you could only be like Paul. See how nicely he plays with his wagon. He isn't hanging on mother all day, asking her to play."

"Shame, shame. I know you took the banana. How can you lie to me. Brother never does. I can always depend upon brother's word."

"Poor Ellen! She is so slow. Sister is so quick. But Ellen can't concentrate, poor dear. Isn't it queer how two children can be so different?"

But why go on illustrating? There are many mothers who at this moment are guilily conscious that they have been doing just that. They thought it an excellent way to prod the child into more desirable behavior. As a matter of fact, they have to admit that it hasn't been effective, but they can't see why a child wouldn't want to be like some more admired child.

"Correction should not be effected by comparing erring offspring with other children," says Mrs. Eldred.

PROVIDE ADULT HEROES

Children do not, however, want to imitate the "model." Instead, they are stifled by a sense of inferiority if a pattern is pointed out for them to follow. They accept the parent's estimate of their ability. They have no idea that it is within their power to change.

Mother says she can't concentrate. Mother says he's poky. Mother says he lies, and brother never does. Children don't choose to be that way. That is the way they are, and once having accepted our judgment of them they go on being that way forever. Children are molded by circumstances. If they are slow, then find out why. What is causing one child to lag when others hurry? Does he need more help, more inspiration? What use to say some one else is fast and he is slow? That does nothing to alter the conditions which have made him slow. It fastens the label "slow" upon him. Children do need correction. They do need setting on different paths. It should not be effected by comparing them with other children. If you want to set up models of conduct for a child, let these be adults, whom he admires. Let these models be public heroes or fictional ones; not children on the same level as the child. That puts him in another class. That makes him jealous and bitter of the model's accomplishments, it doesn't spur him on to want to be like the other child. To compare a child to his own disadvantages with his neighbor or brother or sister just arouses emotions which stifle further effort. That puts him in another class. That makes him a poor worm, unable to measure up with them. The result is decreased instead of increased effort.

To-morrow: "For Baby's Sake Keep Milk Cold Until Feeding Time."

"LADY BOUNTIFUL" GIVES 1,000 JOBS

"Lady Bountiful" to Austria's unemployed is lovely Frau Erna Von Hart, above, wealthy industrialist, who managed over one of her most profitable factories to create 1,000 more jobs. The factory is run on a co-operative basis to assure each worker a definite income.

One flood joke

Stage Manager (hearing sudden outbreak of laughter): Good (nervous)! Is the comedian actually putting a joke over?

Scene-shifter—No—it's a bit of scenery fell on 's head!

The Female Kind

Mrs. Binder: Is there any difference, Thomas, between a fort and a fortress?

Mr. Binder: I should imagine a fortress would be more difficult to sit-ence.

The fine dust discharged in volcanic eruptions has been known to remain in suspension in the air for several years.

IS A STAR-GAZER

From over 100 invisible stars, Miss Coral Anger, above, of Radcliffe College, measured ultra-violet rays reaching the earth by utilizing the huge telescope at Harvard Observatory.

THOS. W. FRIPP DIED SATURDAY

Well-known Vancouver Artist Was Member of Local Society; Noted Exhibitor

The Island Arts and Crafts Society lost one of its best known members and British Columbia one of its leading artists in the death in Vancouver on Saturday of Thomas W. Fripp, who passed away at his home, 950 Bidwell Street, after a long illness.

Born in England sixty-seven years ago, son of an artist father, Mr. Fripp travelled extensively in Europe and later became a student at the Royal Academy, studying water colors under his distinguished father. In 1893 he came to Canada and the beauties of British Columbia anchored him firmly on this Coast. He lived in the wilds of the province for some years, clearing land and farming. An injury ended this phase of his life and he then devoted more time to painting. Several of his pictures have been purchased by the Canadian Government.

Mr. Fripp was a frequent exhibitor at the Island Arts and Crafts annual exhibitions, his delightful studies of mountain scenery being notable features of the collections. He was the president of the British Columbia Fine Arts Society.

Funeral services are being held this afternoon at 4:15 o'clock in Vancouver.

Giving Him the Dope

"I want to bring young Wivelyspon home to dinner to-night," said the husband.

"Bring him to-night!" shrieked his wife. "You know that the maid left without notice, and the baby's cutting teeth, and I've got a cold, and the butcher says we can't have any more meat until we pay the bill."

"Yeh, I know all that," he interrupted. "That's why I want to bring him home. I like the young fatted and he's thinking of getting married."

GARDEN PARTY BIG SUCCESS

Delightful Affair Given By Mrs. C. E. Whitaker Aids Friendly Help

About one hundred and fifty guests attended the very delightful garden party and silver tea given by Mrs. C. E. Whitaker at her home, "Blytheacre," Rockland Avenue, on Saturday afternoon in aid of the Friendly Help Association, whose funds received substantial benefit in consequence of her kind hospitality. The hostess was assisted by Miss Mary Lawson, Mrs. William Grant and Miss Blackwood, of the association, in receiving the guests in the reception hall, which was banked with delphinium, iris and peonies for the occasion. Among the many guests were the Mayor and Mrs. Herbert Anson, Alderman and Mrs. James Adam, and Alderman R. T. Williams.

A delicious tea was served in the dining room. Mrs. W. J. Culum, president of the Friendly Help, with Mrs. W. H. Radbourne, Mrs. A. T. Monteth and Mrs. William Grant, presided at the tea-table, which was artistically arranged with columbine and nepela, with tall cream tapers in old Sheffield candelabra. Members of the association assisted in serving, and the two little daughters of the hostess lent valuable assistance in various ways during the afternoon, Paty Ann opening the door to the visitors, while Betty was in charge of the ice cream.

The guests enjoyed the garden, which are just at the height of their early summer beauty, the fine old trees and velvet lawns making a delightful spot in which to spend a summer afternoon.

Peggy—I'm divorcing Charlie. You don't know what I've gone through, living with him.

Anne—Well, everybody says it was his home. I like the young fatted and he's thinking of getting married."

"YOU JUST WALK IN"

Cleveland Climb Back Into Fourth Place In American

Hang Up Seventh Straight Win At Detroit's Expense

Effective Pitching by Hudlin and Ferrell Gives Indians 6 to 4 Victory; Cleveland Had Best Interseasonal Series Record With Eight Wins and Two Losses; Athletics Split Twin Bill With Boston But Lose Cochrane and Boley Through Leg Injuries; Cincinnati Beats St. Louis at Home for First Time Since April 22, 1929

Just by emphasizing the superiority the eastern clubs of the American League have shown over their western rivals so far, the Cleveland Indians, who failed to win a game in their stand against the east, have climbed back to a .500 average and fourth place in a little over a week of campaigning against the clubs of their home sector.

Some effective pitching by Willis Hudlin and Wesley Ferrell gave the Indians a 6 to 4 victory over the Detroit Tigers yesterday in their last game before moving east for another interseasonal round. It was Cleveland's seventh straight victory and Detroit's fifth successive defeat and gave the Indians a record of eight games won and two lost for the interseasonal series, the best in either major league. Detroit won only two games out of ten.

GORDON TROPHY WON BY SCOTS

Scottish Riflemen Take Prized Cup From Garrison By Twenty Points

With Sergeant J. H. Regan leading all marksmen, Canadian Scottish rifle experts captured the fifth Gordon Cup from the Garrison at Heals ranges on Saturday. The Scots had a total of 1,120, while last year's winners finished twenty points below them. The 5th Regiment was next with 1,056. The trophy is up for competition, among teams of eight marksmen, who fire ten shots at ranges of 200, 300 and 600 yards.

In addition to the feature award a handsome cup, donated by Little and Taylor was given to the leading individual shot, Sergeant J. H. Regan, who presented to the members of the winning team.

Judge Gregory, formerly a well-known rifleman here, made the presentations and congratulated the competitors on their excellent showing.

HOMERS WIN FOR TACOMA

Three Circuit Clouts Give Kittens 8 to 5 Win Over Victoria All-star Nine

Three home runs in the fourth and fifth innings that netted them seven runs, gave the Tacoma Kittens an 8-5 victory over the Victoria All-stars, in the exhibition ball game at the Royal Athletic Park on Saturday afternoon. The game, played before a packed stand, had its thrilling moments, with four home runs living up to the proceedings.

Dave Gray, imported from the Vancouver Arrows, to pitch for Victoria, put up a good exhibition. He had plenty of speed and a nice assortment of curves. Gray kept the visiting sluggers well in check, except for two innings, when they scored enough runs to sew up the game. Gray was nipped for ten hits and struck out seven. Eddie and Philipe handled the pitching for the visitors and allowed the Kittens eleven hits.

The fourth home run of the game was contributed in the seventh by Jack Morgan, Victoria third baseman, with Cummins on first.

Victoria grabbed off a one-run lead in the second inning. Webster was safe when Duckwitz tumbled his slow grounder to shortstop. Stickney was a strikeout victim. Tanner crashed a single to center field, and reached second when Webster halted at third. Gray hit safely between first and second to score Webster. Tanner stopped at third, although he could have reached home on the hit. Robinson struck out and Emery forced Gray at second, McWilliams to Duckwitz.

Three Circuit Clouts Give Kittens 8 to 5 Win Over Victoria All-star Nine

Three home runs in the fourth and fifth innings that netted them seven runs, gave the Tacoma Kittens an 8-5 victory over the Victoria All-stars, in the exhibition ball game at the Royal Athletic Park on Saturday afternoon. The game, played before a packed stand, had its thrilling moments, with four home runs living up to the proceedings.

Dave Gray, imported from the Vancouver Arrows, to pitch for Victoria, put up a good exhibition. He had plenty of speed and a nice assortment of curves. Gray kept the visiting sluggers well in check, except for two innings, when they scored enough runs to sew up the game. Gray was nipped for ten hits and struck out seven. Eddie and Philipe handled the pitching for the visitors and allowed the Kittens eleven hits.

The fourth home run of the game was contributed in the seventh by Jack Morgan, Victoria third baseman, with Cummins on first.

Victoria grabbed off a one-run lead in the second inning. Webster was safe when Duckwitz tumbled his slow grounder to shortstop. Stickney was a strikeout victim. Tanner crashed a single to center field, and reached second when Webster halted at third. Gray hit safely between first and second to score Webster. Tanner stopped at third, although he could have reached home on the hit. Robinson struck out and Emery forced Gray at second, McWilliams to Duckwitz.

VICTORIA IN GOLF VICTORY

Oak Bay Players Obtain Twenty-seven Point Lead Over Gorge Vale Teams

Victoria Golf Club players obtained a lead of twenty-seven points over golfers from the Gorge Vale Club in the opening half of their first annual interclub match played yesterday. In the "A" match played at the Gorge Vale links, Victoria players scored a 29½ to 10½ victory, while in the "B" team event at Victoria, the home side won 30 to 10.

In the "A" match George Vale won the singles 10½ to 9½, but lost the fourball 14 to 6. In the "B" fixture Victoria won the singles 19 to 7 and the fourballs 17 to 3.

Scores in the "A" team match, with Victoria players first named, follow:

SINGLES

A. Mc Watson 6, J. Todd 1.
A. G. Beasley 6, F. Thomas 1.
C. Boyd 6, R. Peden 1.
W. S. Campbell 1, G. W. Stott 0.

ENGLISH TEAM BEATS TORONTO

Touring Old Country Football Eleven Wins Third Straight Game By 4 to 1

Toronto, June 1.—The touring English soccer eleven Saturday won their third game in Canada when they defeated a picked team from Toronto by 4 to 1 in a game in which both sides displayed clever football. About 7,000 enthusiasts crowded Uster Stadium to witness the game.

Victoria Club Net Players Score Easy Win Over Kingston

Chalk Up 13 to 2 Victory in Opening Match in "A" Section of Vancouver Island Tennis League; Tommy Forbes Scores Lone Singles Victory; C.P.R. "2" Score Surprise Victory Over Langford in "C" Division Match

Victoria defeated Kingston Street thirteen matches to two in the opening match of the "A" men's division of the Vancouver Island Tennis League yesterday at the latter's courts. In the other matches played over the week-end Victoria defeated J.B. A.A. 8-0, C.P.R. No. 2 pulled a surprise win over Langford 5-3 and J.B.A.A. defeated C.P.R. No. 3 8-0.

The "A" men's match was an exceptionally easy win for the Victoria players, with Kingston Street taking only one singles match and winning one doubles when Fairbairn and Rayment defaulted to Barnes and Huxtable.

Kingston Street were considerably weakened when Jerry Cunningham, their number one man, injured his heel Saturday night in a practice match and could not perform on Sunday. Jones and Schwegler, playing in the first two positions, were no match for Edwards and Campbell. Jones dropped his singles matches 6-3, 6-1 to Edwards and 6-0, 6-0 to Campbell. Schwegler lost 6-2, 6-0 to Edwards and 6-1, 6-1 to Campbell.

Fairbairn, number three man for Victoria, defeated Tommy Forbes 6-0, 6-0 and Barnes 6-2, 6-1. Rayment defeated Barnes 6-2, 7-5 and dropped a marathon to Forbes, 4-6, 11-9, 6-2.

Hole and Brand, the two last place men for Victoria, won their last matches from Huxtable and Burgess, with the latter making a great stand against Hole before admitting defeat at 6-8, 4-6, 6-3.

Victoria took both doubles played while the third was defaulted to Kingston. Edwards and Campbell defeated Jones and Schwegler 10-8, 6-2, while Hole and Brand defeated Forbes and Burgess 6-2, 6-2.

LANGFORD HEATEN

The "C" matches over the week-end produced some great tennis with C.P.R.'s win over Langford coming as a great surprise. The Langford team are champions of this division and were expected to repeat this year, but they will have to step all the way now.

Results follow:

"A" MEN—VICTORIA 13, KINGSTON 2

SINGLES

Edwards defeated Jones, 6-3, 6-1.
Edwards defeated Schwegler, 6-2, 6-0.

gler obtained the first fall in the third round when he hurt Reed with a knee butt to the stomach and then put his shoulders to the mat with a body pin. Early in the fourth Vangler grabbed Reed from behind and the latter threw himself back for a pretty backward body slam and the tying fall. Vangler was still groggy to start the fifth and Reed found no trouble pinning him with a cradle hold.

"Rocky" Brooks, after losing the first fall to Martin, came back strong to gain the next two with body slams.

FRISBIE AND REED WINNERS

Capture Main Events on Saturday's Wrestling Card; Brooks Takes Bout

Ray Frisbie, Robin Reed and "Rocky" Brooks were the winners of the bouts on the wrestling card at the Tillikum gymnasium Saturday evening. Frisbie, a 140-pounder, threw Gus Westernberg, Portland, two falls out of three; Reed, Portland, won a like decision from Sammy Vangler, Portland; and Brooks, local heavyweight, took two out of three falls from Tiny Martin, 250 pounder from Olympia.

Frisbie and Westernberg put on a rough and tumble affair with Frisbie punishing his opponent in the opening few minutes with a short arm scissors. Westernberg finally worked free to clamp on a head scissors and a stretch. Frisbie got Gus into a crucifix and it looked like he would gain a fall only the latter wrigled through the ropes. Westernberg went to a leg split as the bell sounded.

The second round had only just started when Westernberg threw Frisbie around with a series of headlocks and then body slammed him three times for the opening fall. Frisbie opened the third round with a flying tackle then applied a crucifix, followed by a locked. Westernberg went to the ropes and, upon entering the ring again, punished Frisbie with rabbit punches and had him groggy at the bell.

GETS TYING FALL

Frisbie got the tying fall in the fourth with a body pin after he had knocked Westernberg groggy with a knee butt to the head. With the opening of the fifth Frisbie applied a body scissors but was unable to hold his opponent. While the pair were struggling on the ropes Westernberg picked Frisbie up for an airplane spin, but the latter grabbed the ropes and Frisbie was unable to land on Westernberg with terrific force and knock him out to gain the third and winning fall.

The Reed-Vangler set-to was replete with action. The middleweights kept moving at a fast clip and everything went. They kneed each other, hit with the closed fist, used their teeth in the clinches and kicked one another from the ring on numerous occasions. Vangler obtained the first fall in the third round when he hurt Reed with a knee butt to the stomach and then put his shoulders to the mat with a body pin. Early in the fourth Vangler grabbed Reed from behind and the latter threw himself back for a pretty backward body slam and the tying fall. Vangler was still groggy to start the fifth and Reed found no trouble pinning him with a cradle hold.

"Rocky" Brooks, after losing the first fall to Martin, came back strong to gain the next two with body slams.

Month of Roses Ushers In Bridal Season

JUNE LONG CONSIDERED THE LUCKY MONTH FOR BRIDES

Old Tag Said "Marry in May and You'll Rue the Day," So Many Marriages Are Set for This Month

Since medieval days, when the superstitious decreed in England that May was an unlucky one for weddings with the old tag, "Marry in May and you'll rue the day," June has been proverbially accepted as the month for brides. And what lovelier month could there be for the nuptial ceremonies than June, with its golden sunshine ready to cast a benison upon the lovely bride, with its wealth of roses waiting to shed their petals at her feet as she leaves the church, with the gardens at their best to provide delightful settings for alfresco receptions, with the countryside at its loveliest for the honeymoon trip?

Neither business depression nor falling stocks can halt the energies of San Cupid, who laughs at locksmiths and scoffs at hard times. Under his spell, lovers wear rose-colored spec-

tacles, and June in this year, 1931, looks more alluring than ever as a setting for hymeneal ceremonies, if one may judge by the number of engagement announcements which end with the prosaic words "the wedding to take place in June."

FEMINE ALLURE

And how lovely are the fashions for brides and their attendants this year. The return to the feminine by way of waistlines, soft ruffles, berthes, and other essentially feminine vanities, opens wide a whole vista of lovely possibilities for the girl who contemplates marriage this month. Colors, too, are exquisite, with the softest pastel shades vying with the rainbow in a delectable gamut of beauty. What could be more entrancing for an afternoon wedding than a lovely white-clad bride, followed by a retinue of attendants in flower-like gowns in such shades as water-lily green, dusty pink,

toby blue, corn yellow, rose glow and the ever-popular orchid?

ONE-COLOR RETINUES

On the other hand, one of the most popular and charming style innovations this year is the one-color wedding, with the bride in ice-blue, pastel green, pale pink or ivory yellow. These tones of color are used for this type of wedding procession. If the bride's gown is delicate green, the maid of honor is apt to wear a tone at least two shades deeper, in green, while the bridesmaids wear the green just between the bride and the maid of honor. Some rich, wonderful effects can be achieved.

ALL-WHITE WEDDINGS

But colors may come and styles may go, yet the age-old tradition that brides should wear white will still claim its devotees. And a number of the very smartest weddings in England this year among the aristocracy have shown a tendency to resort to the all-white weddings, with the bride, the maid of honor, the bridesmaids and all the wedding attendants in the same chalk white of the bride's gown. Sheer, delicate, exquisite materials are used for the attendants. The bride may or may not wear satin, but the bridesmaids never do. They have either clinging, alluring chiffons, naks, laces, mousseline de soie, or else crisp, fresh organdies standing out in prim manner.

In all white weddings the bridesmaids carry vivid flowers, perhaps American Beauty roses or great armfuls of gay garden posies, in contrast with the bride's white. The maid of honor should mix her bouquet, some of the bride's white and some of the bridesmaid's colorful flowers.

Beauty Recipe

Probably the best recipe for making a beauty out of yourself is to fall in love.

It is not just that aura of romantic happiness that makes you more beautiful. Two other things enter it.

First, you feel all set up. You know someone thinks you are lovely. This tells you to yourself and before you realize it you are carrying yourself proudly, have a confidence that is inspiring and encourages others to think you are pretty nice too.

Second, you love looking pretty because someone expects it of you. Your clothes mean more to you. So does your personal grooming. You want your hair fresh and fragrant, your skin lovely to touch, your eyes sparkling and your hands cared for.

If you could just get the psychology of being loved and take all this additional care, it might prove that the cause has been taken for the effect, that you are loved because you are so attractive.

Summer is the time supreme for romance. Most people have more time for love-making and beauty-caring. It is an excellent time to resolve to stimulate this thing called romance, challenge it, grab it off, for it certainly is in the air.

JUNE BRIDE DAINY IN SHEEREST LINGERIE

By JOAN SAVOY

The season's preference for dainty pink and blue is reflected in the dazzling array of summer lingerie shown for the June bride.

Just what you want to sleep in is a personal matter. Pyjamas or nighties, it makes no difference. You must be daintily clad if you have any aspirations to looking smart this summer.

The sheerest materials are used, everything has a touch of handwork or lace on it, and the way new things fit is something to marvel at. Cool, diaphanous and caressing are the new night-clothes.

The two-piece pyjama seems to be a

favorite with many women this summer.

If you are looking for about the daintiest set out—particularly if you are a bride and don't mind getting something unusual—there is an enchanting set of fitted trousers and tucked-in blouse in pink nixon with exquisite decoration in the form of fastening done with stripes of darker pink and green. There are tiny embroidered flowers in the darker pink and the green, scattered all over the beautifully cut blouse and around the cuff of the trousers.

These trousers have a little yoke of the hand-embroidery also, which makes the pyjamas look like a one-piece variety.

If you are just an old-fashioned girl who must have nightgowns, you can be as beautiful as you have a mind to be, so wide a variety of unusual things are shown.

One of the loveliest I have seen is of dainty pale blue crepe a trifle less sheer than georgette, trimmed with real Alencon. Two things fascinate you about this gown. It has unusual sleeves, formed of little winged strips that run from the waist up over the top of the arm and down into the waist again. And a quaint little ruffle around the entire bottom. There is a narrow braided belt of the material which ties on the side.

WHEN THE FAMILY GETS ITS DESSERTS

Hints For the Young Housewife on Preparing "Sleight-of-hand Last Course"

By MRS. PENROSE LYLE

HOME is where the best dessert is. Most men do believe it whether their wives are clinging vines or business women. A well-made dessert is part of the meal, not something extra. Desserts have high food value. The sugar in them, for instance, is both a good food and an excellent source of energy. Eggs, milk, butter, flour and fruit do their share in keeping the inner man happy.

So the young wife, old-fashioned or modern, might just as well learn the trick of the sleight-of-hand desserts. They can be as delicious as the pies and puddings grandma used to make; they take about one-fifth the time to toss together. That is, if you know how.

KEEP UTENSILS HANDY

Here's how. Order ingredients in advance. Keep dessert utensils on a special shelf, follow a time schedule just as you would in an office, use a little food imagination and don't feel put upon. You will enjoy your desserts just as much as the men. Your utensil shelf calls for a fruit knife, a stainless steel egg-beater or one of those new glass jar and metal plunger beaters, a measuring cup, set of assorted mixing bowls, several tart tins, a covered mold and a set of silver cups that fit into the freezing tray of the refrigerator, electric or patented fruit squeezer, a friendly can opener, and several other aids to dispatch in the making of first-rate desserts in practically no time.

You need an accurate clock. A modern electric clock is a splendid investment. It saves you can't be called upon for catching the 8:15 and for timing the most nervous frosting. Underneath this master of a well-run house, stack a shelf with ready-to-use or quick-to-make, dessert ingredients. Include chocolate and custard pud-

endless. Don't forget preserved ginger and figs. They can turn an ordinary dessert into a big event.

Plan a week's desserts and order all other ingredients in advance. No time for last-minute dashes to the grocery in this up-to-the-minute routine. Here are a few desserts that can be made while the breakfast coffee percolates and left in the refrigerator to chill all day:

Guava Mousse is one cup of cream whipped with one-half cup guava pulp and one-half cup of powdered sugar. Prunes Piccadilly are fat, cooked prunes stuffed with almonds and covered with a chilled custard made of prepared powder. Strawberry Avalanche is made of small bakery sponge cakes with a pocket scooped out and filled with fresh strawberries and covered with the chilled custard sauce.

MORE BRIGHT IDEAS

For preserved strawberries with rice in the morning cook two tablespoons of rice in two cups slightly sweetened milk and one-half tablespoon mashed unseasoned almonds until soft and creamy. Chill all day. At night, serve half a preserved orange to each person and pass the rice and almond

sauce. For fruit tarts use the prepared mixture following package directions. Bake twelve minutes. Fill with

plump strawberries and brush them with a glaze of water and sugar and lemon juice boiled down to a syrup. This glaze gives them a gay French look. Serve with whipped cream. Custard pie is made of custard powder and quick pastry and tastes good. There are lemon pies, too, that call for a quick meringue, and, of course, chocolate pie for the masculine taste.

French berry shortcake is one of the desserts to make while the potatoes are boiling. Use prepared biscuit mixture or else toss up a mess of baking powder biscuits and bake in individual cakes for twelve minutes. Split, butter, then slather with berries and cream. Chocolate waffles made at table in the electric waffle iron, served with ice cream, or banana waffles with powdered sugar and cinnamon are some more bright ideas.

The list of these quick desserts is long and colorful. Planning, timing and using imagination will do wonders in no time. Good desserts keep the home fires burning. Just ask the woman who makes them.

Exquisite Flowers For the June Wedding

Flowers that are truly exquisite add so much beauty to the wedding that it pays to choose them with the utmost care. Let us help you. You will find our selection most charming, our prices most moderate.

WINTER WHEAT CUTTING STARTS; BIG CROP SEEN

Winnipeg, June 1.—Pool members have now the right to sell on the open market.

The majority of locals have voted in favor of optional system, effective to-day. The plan has been endorsed purely as an emergency measure, officials at the organization assert.

Farmers will now be able to collect the full spot price on the delivery of grain.

C.P.R. crop report to-day says that under proper weather conditions, Saskatchewan's affected area would recover and there is still time for reseeded to some grain, where it is considered necessary.

"Weather conditions in Canada will claim the immediate attention of the trade," The Journal of Commerce says to-day.

Canadian weather:

Manitoba, clear, one hour rain in the vicinity of Portage, temperatures 31 to 78; Saskatchewan, mostly clear, showers reported in west end of Shaunavon, temperatures 45 to 80; Alberta, clear to partly cloudy, scattered showers in Lethbridge subdivision.

Australian cables state continuous rains in eastern states are seriously delaying seeding, with a reduction of 30 per cent in acreage this year likely.

Weather map for the twenty-two hours ending Sunday night shows no precipitation of consequence in the northwest either side of the line.

Alberta shows the best average crop conditions in the prairies for the week just closed, with highest favors to the Peace River area. Manitoba reports improvement with unsettled weather and seeding near completion. Saskatchewan still looks for moisture and has suffered in some localities from soil drifting and high winds.

Sydney, June 1.—Western Australia has sold practically its entire surplus, bromhall to-day reports. Continuous rain in the eastern states is seriously delaying seeding and promoting weak growth. A reduction of 30 per cent in the acreage this year seems inevitable.

Chicago, June 1.—Cutting of winter wheat has started in Texas and it is expected that machines will begin cutting in Southern Oklahoma this week. The southwest as a whole has the promise of one of the largest, if not the largest, wheat crops in its history.

In the northwest, the situation is the reverse of that in the southwest. Favorable weather with plenty of moisture there would make a big crop. If general relief does not come within the next few weeks, there is likely to be a hard crop of spring wheat. A wet harvest in the southwest would also change the situation there.

WINNIPEG

(By Logan & Bryan)

Winnipeg, June 1.—Wheat: The wheat market continues in the doldrums again to-day with little or nothing of feature going on. Early locals were inclined to press the market, while there was some selling by one large elevator company on spreads. Later there was some buying on spreads by another large house, a little short covering and a little scattered buying that was credited to seedling account, but there was wheat for sale on the upturn.

The continued dry weather in western Canada had little effect on the market. A few light showers were received in south Alberta on Sunday, but no moisture worth mentioning was received anywhere else, with none in Saskatchewan. Extremely unfavorable reports are being received from Saskatchewan, more especially from the south, and all reports state that the crop south of the main line of the C.P.R. is in a very poor condition with severe losses now beyond repair. Without numerous rains this week, further heavy losses will accrue with the sowing territory extending.

Conditions in the northern area are more favorable, where crops are reported as fair to good, but good general rains are needed all over the west. There was a little better tone to the demand for cash wheat, but holders were not offering freely and spreads were unchanged to 1/4 better. The flour trade continues generally quiet. Winnipeg closed 1/2 to 3/4 lower.

Coarse grains.—These markets were all and drab. There was no export business reported, and the cash demand was confined to the odd car for domestic purposes.

Oats closed 1/2 to 3/4 lower, barley 1/2 to 3/4 lower, and rye 1/2 to 3/4 lower.

Flax—Further scattered liquidation by third holders was in evidence with the demand flat. Closing prices 2 1/2 to 3/4 lower.

Liverpool due unchanged on Winnipeg.

POWER CORP. FALL UNDER 40 LEADS

MONTREAL SLUMP

Massey-Harris Drops to 37-8; Banks Again Turn Weak

Canadian Press

Montreal, June 1.—Security prices dropped off quickly this afternoon on the Montreal Stock Exchange as selling broke out afresh in leading issues.

International Nickel dipped to 9 1/2, a new low. Montreal Power sold off to 40, a loss of 5.

Shawinigan dropped to 35 1/2, off 3 1/2.

Canadian Car was down one at 10, Brazilian Traction at 12 1/2, was off 3 1/2.

Power Corporation under an outbreak of selling, closed at 39 1/2 for loss of 3 1/2, and a new record low, Massey-Harris eased off 1/2 to a new record low at 37.

(By Logan & Bryan)

Montreal, June 1.—The further progress of the slump in the Montreal market was evident today as values tumbled back close to their lows of last week and below these.

The Canadian markets showed signs of rallying in the early dealing, but had a better lead come from Wall Street.

There were a few incidents in the market of selling and three, respectively, of them were to be found in Dominion Engineering, which had last week established a new low at 15, or within 50 cents of its indicated December 31 closing of 15 bid, and offerings were scarce and it later sold at 17 1/2, and then at 20 closing the day with a net gain of five points and with 18 bid for most stock with some offerings around 20.

Power Corporation also was a feature, but in another way for it violated the 40 level, after opening at 43 and made a new record low of 39 1/2, and closed at 39 1/2. Shawinigan wiped out its rally of last week by closing in easy mood at 35. Montreal Power lost 3 points from opening the day's high to close at 40.

The Canadian market did not suffer greatly from extreme pressure but it was apparent that buyers were in cautious mood and were not prepared to bid for stock, being satisfied to take commitment as offerings made their appearance.

BANK STOCKS OFF

Turning to the bank stocks, one got a somewhat different and irregular trend but with recent firm spots largely conceded. Bank of Montreal closing 9 and coming back to 237, with Royal Bank doing likewise after selling at 238.

NICKEL SELLS OFF TO UNDER 10

NEW YORK STOCK EXCHANGE

MONDAY, JUNE 1

(By Logan & Bryan)

Canadian Press

Toronto, June 1.—Prices among the leaders on the mining market in the afternoon, leaving the list with a weak appearance on the close.

International Nickel dropped a quarter to a new low of 9 1/2. Noranda was off 1.00 and Hudson Bay down 15.

Following the copper market, but firm in the afternoon to stand practically unchanged, Sherritt-Gordon was up 4.

Dome was the active gold and 1.00 higher.

Sarnia and oil selections retained advances of seven and three, respectively, but other oils were easy, Homestead losing a couple, Nordon 3 and Peninsular Pete a cent.

Will You Need an Income of \$100 a Month?

your family. There are no years of waiting if the need should come suddenly. That is, should you become totally disabled or should you die. See what happened in the following cases:—

He was thirty years of age and everything was going well until he got tuberculosis. Then he lost his earnings, but his Canada Life Policy paid him \$100 a month. Four years later he returned to work and said: "That income saved my life, gave me new courage, enabled me to pay my way—"

An old man came into our office. He was alone in his home, family all gone, and he came to pay his board bill. He had but one asset left, a Canada Life policy, taken years before in order to protect his family, he said. He was astonished to find that the cash value and profits were large enough to buy him \$100 a month—another for life.

Another man bought a policy which guaranteed to pay him \$100 a month when he reached age 65, but he died at age 50. His family has been drawing the \$100 a month for years, and she says it seems as though he brings it to her each month.

We have hundreds of similar cases we could mention. There is but one sure way. How can you provide a similar income for your family? "Cash on the Income You Want." Why not send for it now!

THIS COUPON WILL BRING YOU VALUABLE INFORMATION

.....

Toronto, Ont.

Without obligation on my part, please send me by mail your booklet "Getting the Income You Want."

Name
(Mr., Mrs. or Miss)

Address (27-1)

was good, but prices had been reduced to such an extent that many industries, including those representing agricultural production, were not receiving sufficient nourishment to enable them to function properly and prepare for the future. Everywhere there had been the same problem of meeting responsibilities with diminished income, but on the whole the spirit of Canadians had been so courageous and cheerful that Mr. Davis noted that the province of British Columbia was this year celebrating the Diamond Jubilee of its

entrance into the Dominion of Canada and he paid tribute to the fact that the people of this province, who had decided to cast in their lot with the rest of Canada. This led him to refer to the Diamond Jubilee of the C.N.R. and to the fact that this had taken place in Canadian industry in the past sixty years. In 1871, he pointed out, nearly all manufactured goods were imported and the Dominion had had to make no investment of capital or for the employment of Canadians in their own country.

SUPPORT QUARTER OF PRODUCTION

"Now we are making most of the manufactured goods consumed at home," he said, "and also exporting manufactured goods all over the world. It is not surprising that the eyes of the world are turned to this country when we wish to bring comparison with those of other countries of approximately the same industrial standing. Two and one-half million people, or about a quarter of the whole population of Canada, are supported directly by the salaries and wages paid in Canadian industry, including farmers, industrial workers, clerical employees, merchants and salary and wage earners becomes too great, their efficiency is lowered, and if this condition is protracted, they will not be able to meet the needs of the country. This condition which must govern sound policy in dealing with all questions of taxation, including the so-called 'unconquered' provinces, is that the burden of taxes which result from social legislation. Reasonable economy in government expenditures is the most practical method to reduce taxes and lighten the burden of taxation on the people."

Mr. Davis concluded with an admonition not to attach too much importance to temporary depressions, quoting statistics to show the amazing growth of production made by Canada since 1871. He directed attention to the growth of manufacturing in the four western provinces and wound up his address with the following:

"Our best national policy is to proceed along the lines which we are fol-

Alluding to the gowill and trade mission to Latin-America, in which Mr. Macdonald was to have accompanied the governor, he had participated, he said that as a result of the British Empire Exhibition the relations between the British Empire and Canada had been encouraged and strengthened. Alluding to the fact that the party, trade between South America and Canada had been encouraged and strengthened, he said that the Government was doing better steamship services by the Canadian Government Merchant Marine.

was to stay in the field, while the number of Canadian trade commissioners should be increased and their standing improved, he said.

STIMULATE PRODUCTION

Mr. Davis reiterated the association's stand on production. "We believe that it is in the national interest to utilize the services of our own people and to consume our own goods, thereby giving work to Canadian agriculturists and manufacturers."

Manufacturers Told of Success By Produced-in-Canada Movement

Marked development of the Produced-in-Canada campaign was noted in the results of the 1930 effort, according to the report of the executive committee to the annual meeting of the Canadian Manufacturers' Association here to-day. Never before had the campaign been so widespread or effective, the report said. Dominion, pro-

"Whatever honest differences of opinion there may be among Canadians in regard to the theoretical aspects of the policy, the practical results can scarcely be maintained in the face of rising tariffs all over the world and the pressure of the tariff in Canada. While we are shut out in other countries by their tariffs, it is our duty to remove our protection and to admit goods and services from other countries at the expense of our people. A policy of protectionism over a period of years, will result, I believe, in continued progress in agriculture, and in the manufacturing and commercial departments. The tariff had endorsed the campaign before, and many of them had included Produced-in-Canada clauses in the contracts of their purchasing departments. The tariff appeal had also been favorably received by an increased number of those engaged in other occupations, and is now a valuable agent in providing employment. The committee recommended that the campaign should be made one of the activities of the season, as the time was opportune to get the best results.

NEED FOR RESEARCH

Mr. Davis emphasized the need for research, declaring there was nothing more important in industry to-day, than that there was no research there was stagnation, and that was the other side of the coin of progress in industry. Fortunately,

research was stimulated in bad times because manufacturers were driven to use money in every way possible in order to keep going and make the best use of the brains and hands at their disposal. He felt that every factory should be a research institute and should co-operate to the fullest extent with existing governments, universities and all other organizations.

Expenditure on "social legislation" was discussed by Mr. Davis. The motives behind such legislation were usually commendable. It was a worthy object to try to reduce the total of

much trouble and to provide better housing, clothing, food, more security on death, accident, illness and other risks. That was not in dispute at all.

BARTHELMESS IN GRIPPING ROLE AT THE CAPITOL

Fay Wray Lends Able Support to Popular Male Star in "The Finger Points"

Richard Barthelmess was given an enthusiastic reception, to-day at the Capitol Theatre, when his latest First National picture, "The Finger Points," opened its three-day run.

The star has never had quite so dynamic a role as that given him by John Monk Saunders and W. R. Burnett, authors respectively of "The Dawn Patrol" and "Little Caesar." Mr. Barthelmess is again indebted to John Francis Dillon for expert direction. The settings are authentic and the modern photography presents many new angles on a picture as thrill-cramped as a zero hour.

Barthelmess plays the part of a young Southerner who comes to the big town with high ideals as to the duty the press owes to the public.

He secures a job as police reporter on a paper which has just inaugurated a crusade against crime, and goes into the fight with zest, resisting bribery, and publishing a story which puts a notorious gambling joint out of business.

The support given the star is excellent. Beautiful Fay Wray is the girl for whom the young reporter sacrifices honor. Breezy, the reporter, who inadvertently brings down on his pal the vengeance of the gang, is ingratiatingly portrayed by Rega Toomey of "Alibi" fame. Ominous slow-voiced Robert Elliott is cast as the city editor and Oscar Apfel as the managing editor. Noel Madison is effective in a sinister role and Mickey Bennett fits in admirably as the office devil.

Eric Vin Stronheim In "Three Faces East" At Columbia Theatre

Constance Bennett Also Seen in Story Specially Adapted For Vitaphone

One of the simplest wardrobes ever designed for a motion picture star is worn by Eric von Stroheim, in "Three Faces East," the Warner Brothers and Vitaphone mystery spy drama which is now showing at the Columbia Theatre. Von Stroheim's wardrobe consists of a butler's uniform and he wears it throughout the entire production. The only changes he makes in the picture is that he wears different shirts—one for morning, another for afternoon, and still another for formal evening attire.

"Three Faces East" is adapted for Vitaphone from the stage hit of the same name by Anthony Paul Kelly. Oliver H. P. Garrett prepared the screen play.

Von Stroheim is featured with Constance Bennett. Others in the cast are William Courtenay, Anthony Bushell, Crauford Kent, Charlotte Walker and William Holden. Roy del Ruth directed.

Where To Go To-night

As Advertised

ON THE SCREEN

Capitol—"The Finger Points," with Richard Barthelmess.

Columbia—Eric Von Stroheim in "Three Faces East."

Dominion—"Skippy," starring Robert Coogan.

Playhouse—El Brendel in "Mr. Lemon of Orange."

Coliseum—"The Middle Watch," British Picture.

Crystal Garden—Swimming, Dancing and Miniature Golf.

but it is hard to imagine a person with so much energy doing anything so prosaic.

The dialogue for "Mr. Lemon of Orange," which is being shown to-day at the Playhouse, was written by Eddie Cantor, famous Broadway comedian, in collaboration with Edwin Burke.

Widely Read Cartoon Comes to Life in the Picture at Dominion

Jackie Coogan's Brother Leads Group of Talented Youngsters in Good Story

Helen Jerome Eddy, a screen favorite since her entrance into pictures with the old Lubin Company in 1915, plays the role of mother to "Sooky," in Paramount's talking version of the Percy Crosby cartoon feature, "Skippy," which is now showing at the Dominion. Miss Eddy's cinema "son," Sooky, pal of Skippy, and one of the leading citizens of Shantytown, is enacted by Robert Coogan, brother of Charlie Chaplin's famous "Kid." Jackie Coogan, recently starred in "Tom Sawyer," signed for the "Skippy" cast, the other being Emil Bennett, who retired about six years ago after a notable photoplay career, climaxing in her fine part opposite Milton Sills in "The Sea Hawk." Devoted mainly to character portrayals, Miss Eddy entered films after having been a stage player since she was eight years old.

Refrigerators Have Gone Modern

You'll Be
Proud to
Own One
Now!

SMARTEST of all refrigerators to-day are those designed for **ICE**. Strong, graceful, simple lines . . . shining snow-white enamel inside and out . . . utter cleanliness plus the many advantages which only ICE refrigeration can give. These advantages are: Constantly circulating washed air—moist enough—cold enough—just right for protecting your family's food without spoilage or loss of flavor. Lowest first cost—lowest upkeep!

An All-Metal, White Enamel
Refrigerator and a Year's
Supply of Ice—
\$8 a Month for 12 Months

A big, roomy refrigerator with 6 square feet of shelf area. Stands 43 inches high and 32 inches wide. Holds 50 lbs. of ice. Properly insulated with 2 inches of pure corkboard. Weight 200 lbs. and will last many years. Pay for it in one year and get a year's supply of ice too!

COMMERCIAL REFRIGERATION

All sizes in stock. Sold on terms to suit the purchaser's convenience.

CITY AND COUNTRY ICE DELIVERY

We service your Ice Refrigerator anywhere within a 20-mile radius of Victoria—AT CITY PRICES.

Jacqueline Logan In
Leading Role Now At
The Coliseum Theatre

"The Middle Watch" Has
Proved So Popular in Vic-
toria That It Is Held Over

Jacqueline Logan, descended from the Civil War general, John A. Logan, has a favorite story about the army and the navy. Between scenes she told it to the cast of the Elstree production, "The Middle Watch," which is now being shown at the Coliseum Theatre. "An army lieutenant and a navy ensign," Jacqueline began, "were at a dance where they both were paying devoted attention to the same girl. The lieutenant was a cavalryman who had read something in regulations about a mounted officer always wearing spurs with his service uniform. This happened during the war, when officers wore the olive drab uniform at dances, instead of the full dress they wear in peace time. Well, the lieutenant's four eagles in the girl's dress and tore it. The ensign said sarcastically, 'Just a clumsy army man.' The lieutenant glared and asked 'What about the navy?' To which the ensign replied, 'The navy doesn't have to wear spurs to keep its feet on a dance floor.'"

Someone reminded Jacqueline that she owed allegiance to the army, and she answered, "Yes, but it was my dress the army man tore."
